

**ANIMAL NUTRITION &  
HEALTH SOLUTIONS**

## Animal Nutrition & Health Solutions

The Animal Nutrition & Health Solutions business of Jubilant Ingrevia is a **leading manufacturer and supplier of a variety of Feed Additives & Supplements for poultry, dairy, swine, aqua and pet food.** With complete quality control, FAMI-QS and ISO certified plants, flexibility of operation, speed to customer and a broad portfolio of specific premixes and additives, we are a trusted 'Partner of Choice' for our customers.

## BUSINESS OVERVIEW

### PRODUCT PORTFOLIO

#### Vitamin B4 – Choline Chloride

Jubilant Ingrevia is India's largest manufacturer of Choline Chloride, under the 'Anichol' brand name. Choline is also known as Vitamin B4 and is an essential nutrient that plays many important metabolic roles in livestock.

Choline, a water soluble compound with vitamin-like properties, is widely distributed in feedstuff in the form of 'phosphatidylcholine', and its content has been standardised and reported by the National Research Council. However, variation of bioavailability and content of Choline in feeds arises due to variation in prevailing crop growth conditions such as climate, cultivation, soil, location, fertilizer and other farming practices. Due to these reasons, Choline should be supplemented additionally in feed as it serves a number of critical functions in the body.

Anichol is offered in different variants, all of which duly meet international quality standards.

#### Product Variants

Anichol® Ultra	(Value added Choline Chloride)
Anichol® 60	Choline Chloride 60% Dry (Vegetable Carrier)
Anichol® 50	Choline Chloride 50% Dry (Silica Carrier)
Anichol™ 75	Choline Chloride 75% Aqueous
Superchol™ 99	Choline Chloride 99% Crystals

#### Applications

##### Animal nutrition:

- Poultry
- Dairy
- Aquaculture
- Swine
- Pet food

##### Industrial:

For oil & natural gas industry for clay stabilization

##### Pharmaceutical:

Pharmaceutical companies formulating Choline enriched products

#### Specialty Products & Premixes

Jubilant Ingrevia offers best-in-class Specialty Feed Supplements & Additives to integrators, feed millers and commercial farmers across the globe, thus helping them to continuously increase their returns on investments

These specialty products and premixes are added in feed at different inclusion level that improves animal performance or improves quality of feed by preventing against certain disease conditions. The encapsulated

PRODUCT CATEGORY	PRODUCT	PRODUCT DESCRIPTION
Gut Health Solution	ButyMax	Target gut action with micro-encapsulated butyric acid for maximising gut health
	ButyMax Ultra	Target gut action with micro-encapsulated butyric acid, Tributyrin, Nano Zinc for maximising gut health
	JubiCid	Unique blend of Organic acids for prolonged action on both feed and gut
Feed Quality Solutions	AciFeed Aqua	Broad spectrum mould & bacterial inhibitor for Aqua
	Aflasil Forte	Complete Mycotoxin binder with synergistic blend of organic acids with specially processed HSCAS
	ToxiCop	Complete organ protection solution for Mycotoxin/ bacterial endotoxin
	AciFeed Aqua	Broad spectrum acidifier for poultry
	Brotax	Ideal Mycotoxin & endo toxin binder with Phyllosilicates, Buffered Organic Acids, MOS, Polymer resin and Activated Charcoal
Transition Cow Solution	AniChol RP	Encapsulated Choline Chloride for proper fat metabolism in dairy cattle
	Niacon RP	Encapsulated Niacin for Negative energy balance(NEB) in dairy cattle
Inorganic Mineral Solution	Jubimin	Highly standardised High performance inorganic trace mineral premix
	Jubimin Plus Aqua	High performance inorganic trace mineral premix
	NutraPlus DP	Inorganic trace mineral premix for cattle
Organic Mineral Solution	HiProMin	Highly bioavailable & stable Glycine chelated trace minerals for superior performance
	HiProMin CP101	High performance organic trace mineral premix
	HiProMin Breeder	Highly bioavailable Glycinated trace minerals for broiler breeder
	HiProMin- MHA	Metho-Chelated high performance organic trace mineral premix
Feed Efficiency Solutions	AniChol Ultra	Breakthrough innovative Value added choline prepared by infusing proprietary blend of methyl donor organic compounds in Choline Chloride 60%
	JubiDol	Natural Feed emulsifier cum Nutrient absorption enhancer
	JubiDol SS	Natural Feed emulsifier with low CMC
	Jubizym Total	Blend of enzymes with Probiotics for maximum nutrient release
	Hi-Feed Phytase	Thermo-stable micro-granulated Phytase to maximise phosphorous utilization
	Hi-Feed Phytase XP	Fifth generation bacterial origin Thermo-stable micro-granulated Phytase
Anti stress Solution	EnCroMix	Highly bioavailable Chromium to optimise performance through energy metabolism
	EnCroMix CP101	Blend of highly bioavailable Chromium, Encapsulated Vitamin C, Biotin & Ribose to optimise energy metabolism
	Osmobetaine	98% Betaine HydroChloride for Osmoregulation support
Milk Quality Solution	DairyMax	Blend of Vitamins & essential amino acids for maximising herd performance
	JubiMeth RP	Encapsulated Methionine for milk quality enhancement in dairy cattle
	JubiLys RP	Encapsulated L- Lysine for milk quality & quantity enhancement in dairy cattle
Hepato Protection Solution	AniChol L	Liquid Choline formulation for rejuvenation of vital organs
	PhytoShield LivoBoost	Natural Choline for hepatoprotection & rejuvenation
Animal Performance Enhancement	PhytoShield BioMeth	Natural Methionine. Naturally Bioavailable
	Jubi AD3E RP	Rumen protected Vitamin AD3E premix
AGP Replacer	PhytoSheild GroPlus	Natural growth promoter
Egg Quality Enhancer	Egghancer	Egg quality improver for breeder and layer with 360° action to improve quality and productivity

product range has proven efficacy in various animal species and are well defined with dissolution studies to ensure performance.

## Manufacturing

The manufacturing facility is certified by ISO 9001:2015, ISO 14001:2015 and ISO 45001:2018 and is FAMI-QS quality compliant with a production capacity of 24000 MT/annum for Choline Chloride and 5000 MT/annum for premixes. ANHS manufacturing plant which is located in Vadodara, Gujarat, India, has a backwardly integrated corn cob manufacturing facility, which is unique to the organisation. The highly sophisticated on-site quality control laboratory along with the elaborate QC and QA protocols ensure that Jubilant stands up to its most precious promise to the world - *consistent delivery of topmost quality*. The Choline Chloride plant is with programmable logic controller (PLC) automated system for manufacturing best in class products. Raw materials that are conformed to specification are used for manufacturing of international standard products.

## Strength

- High Quality products- Feed additives & premixes are produced with adherence to highest production standards which ensure best in class product quality

and makes the products free of related impurities and safe for human handling

- Assurance of quality- Certificate of analysis of every batch of material before dispatch
- World class R&D facilities
- Diversified services to customers
  - ✓ Technical Services like Feed Formulation, Trial Designing, Farm Audit etc.
  - ✓ Analytical services like On-Spot Demo Kits, Lab Testing Services, Design & Audit of Laboratory etc.
  - ✓ Training services like Farm Management Practices, Technical Seminars, Farmer Group meetings etc.
  - ✓ IT Services like Dosage Calculators (OpReChol), Feed Formulation etc.

## Customised Manufacturing Services

Apart from production and marketing of our own range of products; we are in the business of customised development and manufacturing of products for our valued clients. Our scientific capabilities in Research and Development power our throughputs and we have successfully developed customised products for a range of customers at economical costs.

Jubilant Ingrevia Limited is a global integrated Life Science products and Innovative Solutions provider serving Pharmaceutical, Nutrition, Agrochemical, Consumer and Industrial customers with customised products and solutions that are innovative, cost-effective and conforming to excellent quality standards.

The Company offers a broad portfolio of high-quality ingredients that find application in a wide range of industries. The company has 2,100 employees and serves more than 1,400 customers in more than 50 countries across the world. The Company's portfolio also extends to custom research and manufacturing for pharmaceutical and agrochemical customers on an exclusive basis.

## MANUFACTURING FACILITIES

### UTTAR PRADESH

- Gajraula

### GUJARAT

- Bharuch
- Samlaya

### MAHARASHTRA

- Nira
- Ambarnath

## OFFICE LOCATIONS

### India

#### Maharashtra

**Jubilant Ingrevia Limited**  
Transocean House, 1st Floor,  
Lake Boulevard, Hiranandani Business Park,  
Powai, Mumbai - 400 076  
Maharashtra, India  
Tel : +91 22 40316900

#### Telangana

**Jubilant Ingrevia Limited**  
304-305, Doshi Chambers,  
Opp. United Insurance Bldg.  
Bashir Bagh, Hyderabad - 500 029  
Telangana, India  
Tel : +91 40 2322 7019

### China

#### Jubilant Life Sciences (Shanghai) Limited

Room 602-603,  
Shanghai Longemont Summit Center  
1088, Yan'an West Road, Shanghai – 200052, China  
Phone : +86 21 63907388

### Belgium

#### Jubilant Life Sciences NV

Axxes Business Park, Guldensporenpark 22,  
Block C, Merelbeke – 9820, Belgium  
Tel : +32 9 233 1404

### USA

#### Jubilant Life Sciences USA Inc.

790 Township Line Road Suite 175 Yardley,  
Pennsylvania 19067, USA  
Tel : +1 908 658 9988

### Corporate Office:

#### Jubilant Ingrevia Limited

1A, Sector 16A, Noida - 201301, U.P., INDIA
