

An Indian
Biopharmaceutical
organisation dedicated
towards improving the patient
HEALTH & QUALITY of LIFE

About Us

Plasmagen is India's leading manufacturer of Plasma-Derived Medicinal Products (PDMPs), with a WHO-GMP compliant state-of-the-art plasma fractionation facility (800,000 litres annual capacity). Our therapies bridge the critical demand-supply gap, ensuring patients worldwide have access to safe and effective plasma products developed in line with IP, EP and BP quality standards.

Our Values: CARE | QUALITY | SAFETY

Vision: To achieve global recognition and trust as an Indian biopharmaceutical company, dedicated towards improving the patient's health and quality of life.

Mission: To provide a wide range of safe blood plasma and speciality care products to patients in India and other developing economies, on a consistent basis.
