Chemfield Cellulose

Your
**INDISPENSABLE
EXCIPIENT**

www.chemfields.com

Chemfield is India's first spray dried manufacturer of highest quality and most consistent Microcrystalline Cellulose (MCC) for the pharmaceutical industry and has the distinction of being recognized as a Quality driven and research based excipient supplier. Our state of the art plant has two lines, ensuring business continuity.

Quality

We, at Chemfields, understand the importance of quality deliverance and consistency and thrive to ensure the best quality in not just product but also service, delivery and practices. Our Quality Management System is based on the following initiatives

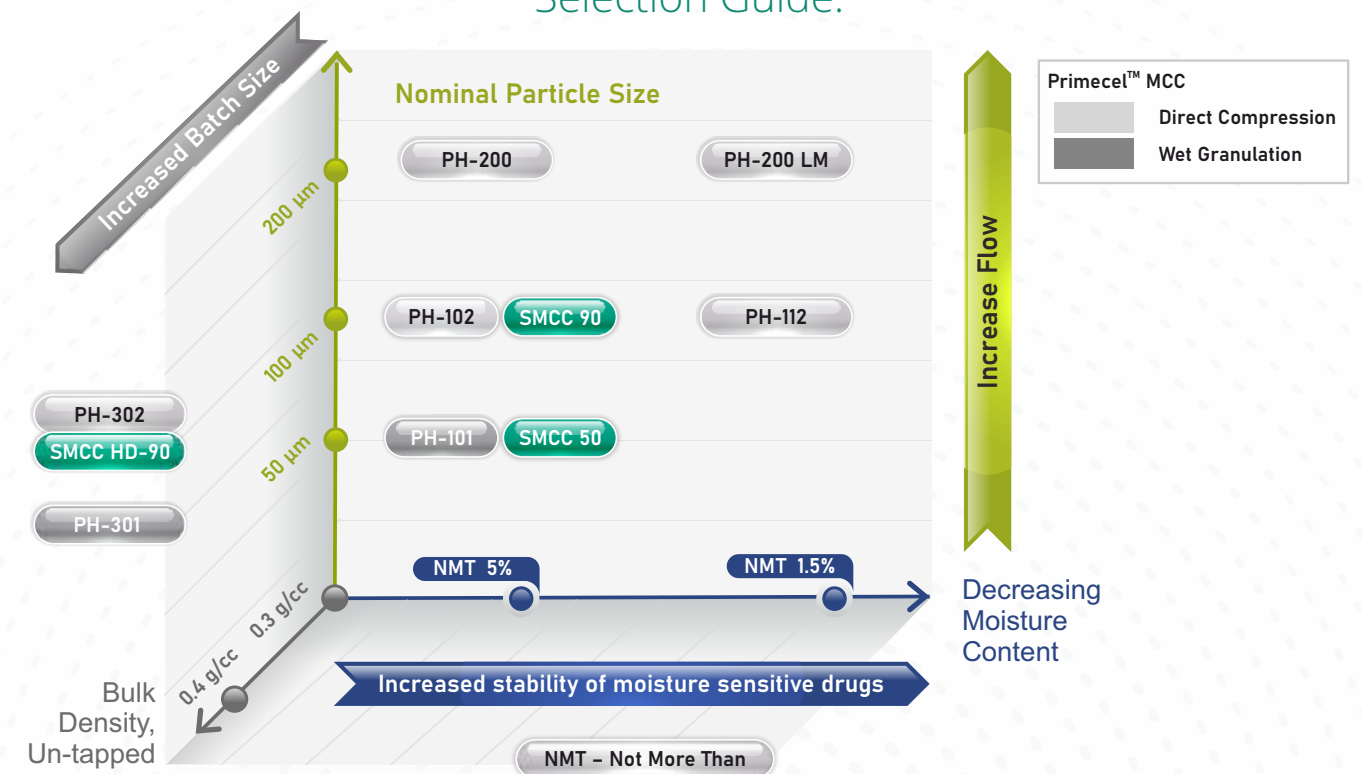

- Comprehensive qualification and calibration of equipment.
- Process validation to ensure consistency of product.
- A system-led approach, reflected in document discipline and compliance.
- Frequent and periodic internal audit and training.
- Stringent vendor qualification parameters.
