

CMO / CDMO SERVICES

EU-based partner for OSD manufacturing, development support, logistics & market-ready supply

From facility to partner value

Pharmazac combines new manufacturing assets, R&D orientation and a partner-centric operating model for companies seeking a flexible CMO / CDMO partner in Europe.

Why Pharmazac or CMO/CDMO?

- Keratea OSD Site: 11,000 sq.m. manufacturing, warehouse and R&D center specialised for pharmaceuticals.
- GMP, GDP and ISO framework, with GCC certification planned as part of the site development roadmap.
- A 40-year growth platform investing in R&D, manufacturing, IP and technology.
- Agile management and partner-centric collaboration model built through long-standing pharma partnerships.

CMO / CDMO positioning

11,000 sq.m.

Manufacturing, warehouses
& R&D center

**OSD & sachet
focus**

Solid dosage forms, sachets
and development support

4 continents

International presence &
export mindset

A practical CMO / CDMO partner

Pharmazac supports companies looking for a European partner that can combine OSD manufacturing, development-oriented support and reliable downstream execution. From early technical discussions to market-ready supply, our team can assess your product needs, volumes, target markets and operational route - then shape a practical cooperation model around them.

Service pillars for CMO / CDMO conversations

Manufacturing platform

Manufacturing site with warehousing, R&D center and sachet capabilities at Keratea.

QA & compliance interface

Regulatory Affairs, Compliance & CQA functions to support structured partner execution.

Partner models

Experience in licensing, co-development, distribution and co-promotion collaborations.

Development support

Solid dosage form orientation, R&D-linked mindset and technical support for selected projects.

Supply chain support

Warehousing, labelling services, supply chain operations and logistics support.

International route

Presence in 4 continents through own registrations, distributors and licensing-out deals.

Looking for an agile European CMO / CDMO partner?

Share your product, dosage form, target markets, forecast volumes and timeline. Pharmazac can review where it can add value across OSD manufacturing, development support, labelling, warehousing and supply-chain execution.
