ABOUT AVANTIKA

Avantika Medex Pvt. Ltd was established in 2007 by Mr. Lal Babu Singh and Mrs. Vibha Rani Singh. We are a pioneer in the manufacture, export, and wholesaling of pharmaceuticals with more than a decade's experience. We serve many countries which include *Uzbekistan, Tajikistan, Kyrgyzstan, Turkmenistan, Azerbaijan, Georgia, Nigeria, Ivory Coast, Togo, Burkina Faso, Mali, Ghana, Ethiopia, Myanmar, Cambodia, Vietnam, Philippines, Thailand, Yemen and Ukraine.*

Additionally, we have built our presence in the Middle East, East Asia and the Indian Subcontinent. Our product range spans both generic and over-the-counter (OTC) products which cater to hospitals, clinics, nursing homes, and medical institutions. Our strong emphasis on creating high-quality, and best-in-class products that conform to industry standards, has made us a reputable brand in CIS market. Our products are tested in accordance with current testing requirements and comply with global norms.

We started our production plant in the year 2019 at Gallops Industrial Park 2, Ahmedabad, Gujarat. Our customers are at the heart of all our decisions and we continuously strive to offer world-class services to ensure 100% customer satisfaction. Owing to our customized packaging solutions, timely delivery, and good financial standing, we have managed to acquire a strong client base. Our uninterrupted efforts in innovating and delivering consistently superior products have enabled us to create a benchmark in pharmaceutical exports.

Avantika has facility in accordance with rules and standards of ***PIC/S - Ukraine*** & ***EU-GMP*** with four manufacturing lines; Tablets, Capsules, Oral Powder & Semi Solids (Gels, Creams, Ointments & Toothpaste).

OUR INFRASTRUCTURE

Our manufacturing site located at Gallops Industrial Park 2, Ahmedabad, Gujarat, is a multifunctional, *EU-GMP COMPLIANT* and *WHO-GMP* certified facility with a plot area of approx. 6000 sq. meters and a total built-up area of approx. 4055.53 sq. meters, with dedicated packing lines for tablet filling, sachet filling, capsule filling, and semisolid filling.

We manufacture a diverse product range which includes; **Tablet:** Uncoated, Coated (Film-coated, Sugar Coated, and Enteric Coated), Chewable, Dispersible, Sustained Release, **Capsules:** Hard Gelatin Capsules, **Powder:** Dry Powder for Sachets, and **Semi Solid:** Gel, Cream, and Ointment

Production Capacity Per Month (One Shift)
