

Your **turnkey partner** for **food supplements**
and **medical devices**

Inpha Nutraceuticals and Cieffe Derma are part of Omega Pharma S.p.A.

Who we Are

Founded in **1995**, Omega Pharma has grown into a **leading player** in the **Italian nutraceutical market**.

The company stands out for its strong focus on **innovation**, combining scientific **expertise** with a passion for delivering **high quality** health solutions. It is widely recognized by the scientific community for its cutting-edge products.

Our Group

As a result of its **steady growth** over the years, the company has expanded through **the acquisition of Inpha Nutraceuticals and Cieffe Derma**, evolving into a diversified group.

These strategic additions have strengthened our **nutraceutical** expertise and opened the door to the **dermocosmetic** sector, reinforcing our position in the health and wellness market.

Why choose Us

Innovation

Every product is the result of advanced scientific research and continuous innovation, ensuring we deliver cutting edge health solutions that keep pace with market trends.

Quality

Carefully selected raw materials and state-of-the-art manufacturing processes.

Clinical Backing

Most of our products are supported by clinical studies, ensuring they are scientifically validated for safety and effectiveness.

Customization

We offer solutions tailored to the specific needs of each customer.

Strong Connections

With extensive industry relationships and collaborations with Italian CMOs, we are able to identify the best partner and offer competitive pricing as well as rapidity in the negotiation process.
