HISTORY OF THE COMPANY

The company launched the first products in the field of gynecology and oncology on the Czech market.

The company is reorganized, HEATON Group a.s. is created and owns all of the subsidiaries.

As part of the company's efforts to strengthen its presence in the field of OTC products, Heaton launches a new product line for women's health care products under the name GYNELLA®.

HEATON established new German branch office in Nürnberg and entered the market with a team of Medical Representatives.

Heaton expanded its global reach by establishing a new branch in Singapore, reinforcing its presence in Asia's pharmaceutical hub. This strategic move positions us at the heart of innovation and healthcare excellence in the region. Heaton has joined the Central and East European Chamber of Commerce in Singapore.

2002
HEATON started to be active in pharmaceutical industry and soon became a successful local pharmaceutical company.

2010
Opening of the first foreign branch in the Slovak Republic. HEATON starts its gynecological portfolio through its own team of trained Medical Representatives.

2015
HEATON opens a new branch office in Romania, with first products in the areas of gynecology and oncology.

2018
Successful launch of GYNELLA® Silver in 7 European countries (Germany, Austria, Croatia,...).

2022
Heaton started its activity in the field of diabetology. The company was listed in the family business ranking of Czech Forbes 2022.
