DMG

DRUGS MINERALS AND GENERICS ITALIA

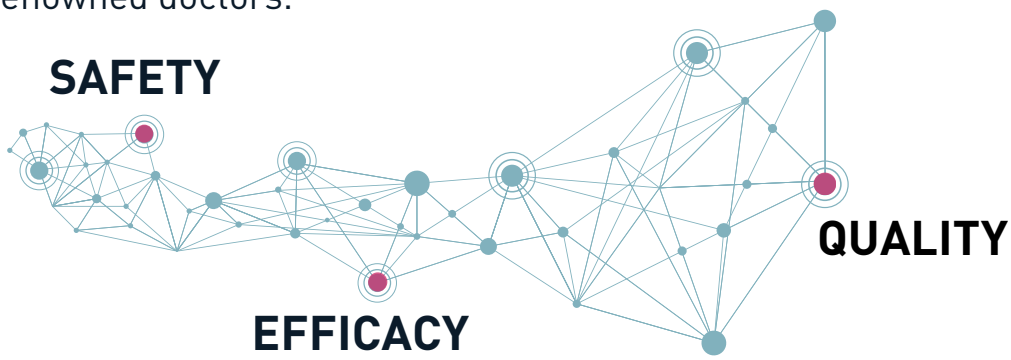
WHEN CARE IS NEEDED

WHAT WE DO

We take care of patients in and out of Europe thanks to our **Medical Devices** and **Food Supplements**, specifically designed to address everyday discomforts and improve people's lives, focusing on 4 main therapeutic areas:

- **OTOLARYNGOLOGY**
- **GASTROENTEROLOGY**
- **OPHTHALMOLOGY**
- **PAEDIATRICS**

Through close collaboration of **R&D**, **Medical**, **Regulatory** and **Quality Assurance departments** we develop products, some of which also patented, studied by worldwide renowned doctors.



Patients all over the world can rely on our committment to the highest standards, backed by certifications such as **ISO 9001**, **ISO 13485** and **Ecovadis**:

READY FOR MDR

With the introduction of the new EU Regulation we have started the **transitional path**.
In the meantime, all of our products have been granted the **extension period until 31 December 2027** for Class III devices and **31 December 2028** for Class IIa and IIb devices.

MADE IN ITALY, GLOBAL REACH

Our products are proudly **MADE IN ITALY**, combining advanced technology with top Italian standards. With nationwide fieldforce coverage and a growing **INTERNATIONAL PRESENCE** in over 50 countries, we deliver Italian quality to patients worldwide.

Our partners can count on **continuous support** during the entirety of the collaboration, ensuring maximum market impact.

WHAT WE LOOK FOR

Since starting our international business in 2004, we have always been looking forward to **expanding our net of Distributors** and building new and fruitful partnerships. In close collaboration with Local Distributors, we always make sure that our Products are well received by practitioners and patients.

ALSO AVAILABLE FOR PRIVATE LABELING

Would you be interested in becoming one of our **business partners**?
Do not hesitate to contact us!
