WHY CHOOSE EIRGEN PHARMA?

Species-Specific Formulation Expertise

We tailor veterinary medicines for companion animals, addressing **species-specific needs** through focused formulation and delivery technologies.

Palatability & Taste Masking

We prioritize compliance by enhancing **palatability through taste-masking and chewable formulations** - ensuring ease of administration and improved outcomes.

CMO & Faster Launches

Driven by a lean, we deliver **fast tech transfers**, with projects like a recent tech transfer completed in just 4 months.

End-To-End Veterinary CDMO Partner

Our integrated capabilities - from product development to commercial supply - streamline your path to market with **agile manufacturing and regulatory support**.

Competitive & Collaborative Pricing

We provide **cost-effective, scalable** veterinary manufacturing with in-house packaging, delivering trusted solutions worldwide.

Rapid Response & Delivery

We ensure proposals within **two weeks, next-day product collection** after QP release, **bi-weekly project calls**, and a **dedicated technical team**.

	Endocrine
	Anti-Infective
	Hormones (Case-By-Case Basis)

Meet the Business Development Team

Dr. Sarah Wade

Business Development &
Alliance Manager

Sarah joined Eirgen Pharma in 2019 as part of the Regulatory Affairs team, with a specialization on clinical trials and approval strategies. Her PhD focused on identifying new therapeutic targets and testing early-stage molecules, providing her with a deep understanding of the entire drug development lifecycle. In 2022, Sarah transitioned to the BD team, and leverages that end-to-end insight to grow Eirgen's portfolio and build strategic pharma partnerships.

Kriszta Zsebedits

Business Development &
Alliance Manager

Kriszta joined Eirgen Pharma as Business Development & Alliance Manager in May 2025. A 16-year marketing expert, she previously led innovation for cold, flu, and oral health brands at Haleon (across 34 CEE countries) and at Egis Pharmaceuticals. Her background spans FMCG (P&H, William Grant & Sons, Coca-Cola) excelling in strategic marketing and innovation pipeline development.

Özlem Büyükgüner

Business Development &
Alliance Manager

With over 20 years in the pharmaceutical industry, Özlem Büyükgüner, joined Eirgen Pharma in May 2025 as Business Development & Alliance Manager. She brings a wealth of expertise in CDMO/CMO partnerships, portfolio strategy, licensing, and HPAPI OSD commercialization. Previously holding senior roles in Türkiye, Özlem holds an Executive MBA and a Master's in Organic Chemistry - blending scientific insight with commercial acumen.

Imran Ullah

Business Development
Associate

Imran joined Eirgen Pharma in 2024 as Business Development Associate. With over 3 years of experience in business development, operations, and customer service, he holds an MBS in Management and a BBA in Marketing. Imran supports the BD team through market research, client engagement, proposal development, and ensuring a smooth coordination across business development activities.
