Nature Technology Innovation

About Us

Ennature Biopharma is the Natural Ingredients Division of India Glycols, a USD 750 million global leader in specialty, bio-based, 'Green' chemicals since 1984, that holds the distinction of being the first and only company in the world to commercialize the production of ethylene oxide and glycols from renewable agricultural feedstocks.

At Ennature Biopharma, we specialize in manufacturing high-value, differentiated, plant-based ingredients for pharmaceutical, nutraceutical, cosmeceutical and food & beverage Industries. We invest heavily in research and are committed to quality with a strong customer focus.

We strongly believe in 'Green' and integrate green technologies into every aspect of our processes. From using SCFE -CO₂ technology and green solvent -based extractions to reusing our own raw materials for energy generation and ensuring sustainability in our supply chains, we are continuously improving our technologies to conserve natural resources and reduce our carbon footprint.

Diverse and Integrated Manufacturing Facility with India's one of the largest High-Pressure Supercritical CO₂ Extraction plant, pharmaceutical grade solvent and post-refining facilities, pilot and scale-up facilities and a dedicated formulation facility all located under one roof.

Global Accreditations Our manufacturing facility is WHO-GMP, GMP, EU-WC, ISO9001, ISO22000, ISO16128, ISO 9001+HACCP, Halal and Kosher Certified. We hold Drug Master Files (DMF), EU Written Confirmation and CEP's for our Active Pharmaceutical Ingredients.

Strong Quality Focus with our entire quality system based on 21 CFR part 11 to ensure highest level of data security and integrity.

Research and Innovation Driven with international patents and unique technology platforms such as SCEMOD™ and LIMAN™ based on which we deliver highly effective, science-backed and differentiated products to our customers.

Global Presence with customers in 30+ countries in both the global pharmaceutical and nutraceutical space.

API's

Nutraceutical Products

Pharmaceutical Ingredients

Thiocolchicoside EP/IP/CS

DMF/EDMF on Record
EU-WC, WHO GMP-COPP
CEP Granted

Colchicine USP/EP/IP

DMF/EDMF on Record
EU-WC, WHO GMP-COPP
CEP Granted

Vinpocetine EP/BP

DMF/EDMF on Record
EU-WC, WHO GMP-COPP

Nictobac™

Nicotine 99% EP/USP
DMF/EDMF on Record
EU-WC, WHO GMP-COPP
Nicotine ditartrate dihydrate EP
Nicotine Polacrilex/Resinate
Nicotine Salts

Centella Asiatica

Triterpenes 90%

Speciality Ingredients

XANTHOGREEN™

Speciality Lutein Esters by SCFE

Xanthogreen™

Oil, Powder, Beadlet & CWS Powder

Xanthogreen™ TOS

Lutein Ester True Oil Solution 15-20%

Xanthogreen™ Ultra

Lutein Ester Multifunctional Oil Solution 15%

GINGEREN™

Ginger Innovative Ingredients

Gingeren™

Oil, Powder & CWS Powder

Gingeren™ SR

Ginger Sustained Release Granules 15%

Gingeren Ultra

Ginger Multifunctional Oil Solution 15%

MaxiCuma®

172 Fold More Free Curcumin

Clinically Validated
Instant Cold Water Soluble
No After Taste

TURMINOVA™

Next Generation Curcumin

Turminova™ B

BDMC Enriched Curcumin 95%

Turminova™ B+

BDMC 90%

Turminova™ NS

Non-Staining Curcumin

Standardized Ingredients

Astaxanthin

SCF - CO₂ Extract
Powder & Oleoresin

Zeaxanthin

Powder, Oleoresin & Beadlets

Veg DHA

Oil & Powder

Coleus - Forskolin

SCF - CO₂ Extract 10%

AKBA

Powder 30%

Centella Asiatica

Madecassosides 95%
Asiaticosides 90%
