SBRG AGROCHEMICALS

PRIVATE LIMITED

About Us

Welcome to SBRG AGROCHEMICALS, a renowned manufacturer and marketer of high-quality agricultural chemicals. With our extensive expertise and cutting-edge technology, we strive to provide the best crop protecting chemicals, fertilizers, and services to enhance agricultural productivity.

At SBRG AGROCHEMICALS, we understand the importance of effective agricultural solutions in maximizing crop yields and ensuring food security. Our range of agrochemicals is meticulously formulated to meet the specific needs of farmers, enabling them to combat pests and nutrient deficiencies effectively. Our agrochemicals are developed using state-of-the-art research and development techniques, ensuring their efficacy and safety. We adhere to stringent quality control measures throughout the manufacturing process to guarantee that our products meet the highest industry standards. By choosing SBRG AGROCHEMICALS, you can trust that you are investing in reliable and sustainable solutions for your agricultural needs.

At SBRG AGROCHEMICALS, we prioritize customer satisfaction and strive to build long-lasting relationships with our clients. Our dedicated team of experts is always available to provide personalized guidance and support, assisting you in selecting the most suitable agrochemical solutions for your specific requirements. We believe in the power of collaboration and work closely with our customers to address their concerns and deliver tailored solutions that yield exceptional results. As a leading manufacturer and marketer of agrochemicals, SBRG AGROCHEMICALS is committed to innovation for optimal productivity. We continuously invest in research and development to create new and improved products that meet the evolving needs of the agricultural industry. Our mission is to empower farmers and growers with effective solutions that enable them to overcome challenges and achieve optimal productivity. Explore our website to learn more about our wide range of crop protecting chemicals & fertilizers. Contact us today to discover how SBRG AGROCHEMICALS can support your agricultural endeavors and help you achieve success in the ever-changing world of agriculture.

B.R. Gupta
Managing Director
(Brawn Group of Companies)

VISION

"To be the leading agrochemical company globally, recognized for our innovative solutions, exceptional quality and unwavering dedication to environmental stewardship. We envision a world where agriculture is optimized, productivity is enhanced and farmers thrive, all while preserving the delicate balance of our planet's ecosystems."

MISSION

At SBRG AGROCHEMICALS, we are on a mission to develop and deliver cutting-edge agrochemical products that empower farmers to overcome challenges and achieve remarkable results. We are committed to providing superior solutions that maximize crop yields, improve nutritional value, and protect plants from pests and diseases.

AgroChemicals

Insecticide List

S.No	Product Name	Strength
1	Abemectin	1.9% EC
2	Acetamiprid + Cypermethrin	1.1% + 5.5% w/w EC
3	Alphacypermethrin	10% EC
