

*Innovating with Purpose, Excelling with Attitude*

# Positive Attitude

Our approach transforms your toughest challenges into remarkable opportunities

FPS Pharma was founded in 2002, inspired by the visionary idea of Mr. Carlo Corsini to provide custom solutions and services for pharmaceutical manufacturers in an industry often dominated by standard offerings.

*"A supplier offers a range of standard models, but a partner listens to your needs, delves deep into your challenges, and conducts thorough analyses to ensure you get the best solution for your business."*

*Carlo Corsini*

As your partner, our support doesn't end once our custom systems are installed and validated at your plant, we remain by your side whenever you need us.

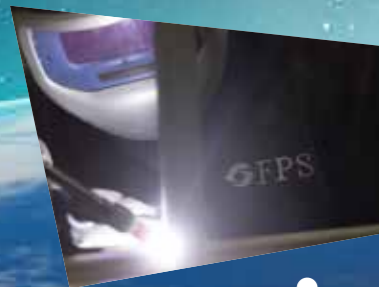

# "Positive Attitude"

is not just a way of thinking

it's at the heart of everything we do.

In a world where challenges are increasingly complex, we believe that the only way to look to the future is with a positive attitude...

**Experience  
Inspires  
Innovation!**

**People First,  
Always**

**Technology  
That Cares**

**Our virtuous cycle**

● Experience —● People —● Technology

## **The FPS Pharma unconventional reality.**

Since its foundation in 2002, FPS Pharma has quickly established itself by providing tailored solutions in an industry often dominated by standard equipment. Through top-tier custom solutions for handling and producing HPAPIs, as well as toxic and sterile APIs, we ensure unparalleled levels of safety, efficiency, and product excellence. With over 1,800 custom systems in operation worldwide, FPS Pharma stands as an Italian powerhouse leading the global pharmaceutical and the fine chemical equipment sectors. Our reputation is grounded in technological innovation, unwavering quality standards, and operational excellence, solidifying our position as the industry expert. Thanks to our worldwide presence, with installations in over 45 countries, FPS Pharma actively engages with key pharmaceutical manufacturers and CDMOs to continually redefine containment and micronization processes for the pharmaceutical and fine chemical sectors.

## **Purpose-driven innovation**

Every isolator and micronization system are built with care and foresight to be future-ready, ensuring customer success. The secret lies in FPS Pharma attitude: clear and open communications, attention not only to optimizing processes but also to providing solutions that maximize safety and safeguard the environment.

## **Always at your side**

Our positive attitude towards customer care is reflected in our exceptional support services. From the initial consultation to post-implementation assistance, FPS Pharma is with you every step of the way. Our dedicated team members are always ready to provide timely and effective support, ensuring that your operations run smoothly and efficiently.

*...Because we believe the future is built with a positive attitude, one step at a time.*

*Positive Attitude in Products*

**MOVE!** your business  
**Forward!**

# ➤ “Excellence powered by our positive attitude”

Our positive attitude translates into products that not only solve your problems but also unlock new opportunities for you.

## ➤ PURPOSE-DRIVEN INNOVATION:

We engineer custom systems that tackle the most complex challenges with utmost precision, safety, and superior quality.

## ➤ POSITIVE CONTROL:

Our micronization and containment systems offer total process control, delivering reliable, repeatable and secure results.

## ➤ INSPECTION-PROOF COMPLIANCE:

Our systems are built to ensure full compliance with cGMP standards, global and local regulations ensuring flawless inspections and faster regulatory approvals.

## ➤ SMART ENGINEERING:

Custom solutions that seamlessly integrate into your production plant enhancing overall efficiency and productivity with minimal downtime.

## ➤ BUILT-IN CONFIDENCE:

State-of-the-art materials and technologies to minimize risks and optimize your processes.

*Positive Attitude in Services*

**We BUILD our  
services Around You**

# > “We anticipate, we listen, we are always at your side.”

“Our positive attitude shines through proactive, transparent, and customer-focused services. Here’s how we support you:”

## > QUICK RESPONSE:

Immediate attention to customer requests with 24-hour response time.

## > PROACTIVE APPROACH:

We anticipate your needs, offering tailored services to best meet them.

## > FULL TRANSPARENCY:

Real-time updates on progress and improvements, ensuring trust and the best results.

## > CLEAR COMMUNICATIONS:

We believe that transparent and straightforward communications is key for mutual understanding and success.

We are always available to listen and support you.

## > CUSTOM TRAINING:

We deliver both containment and micronization complete training tailored on your specific requests and challenges.

Spare parts planning and Preventive maintenance

Expert-led training

Process development and problem solving with our experts

Full-scale Mockups

On-site & Remote Assistance

*Positive Attitude for People*

**ENSURE** sustainable  
Excellence!

# > “Putting people at the heart of every solution”

Because we believe the future is built with a positive attitude, always putting people’s well-being first.

## > LEADING WITH INTEGRITY:

At FPS Pharma, ethical practices and sustainability are at the core of our operations. We ensure that every step we take aligns with our values of inclusivity, environmental responsibility, and social equality.

## > HOLISTIC SUSTAINABILITY:

FPS Pharma comprehensive sustainability strategy encompasses product quality, customer support, and environmental safeguard. We strive to create solutions that benefit both our clients, people and the planet.

## > POSITIVE COLLABORATION:

FPS Pharma partners with you to develop tailored solutions that meet your specific needs, fostering a collaborative environment to drive unique advancements in pharmaceutical manufacturing.

## > UNWAVERING COMMITMENT TOWARDS SAFETY:

Safety is our top priority. We empower you to focus on delivering life-changing medicines, knowing that people, the environment and product quality are safeguarded at every step.
