

GC Traceable Standards

Where Perfection
is the Standard

Key Features

- Traceable to current USP lot.
- Comprehensive COA with full characterization data.
- Highest purity, innovative packaging and ISO-certified.
- USFDA inspected facility.

Certifications

- ISO 9001, 17025, 17034
- DSIR recognized in-house R&D.

Testing & Documentation

- Certified purity (mass balance).
- Identification by FTIR/GC, 1H NMR and Water determination.

- Designed for method development, calibration and quality control.
- Ensures accuracy and precision in Gas Chromatography tests.
- Applications: Pharmaceuticals, Environmental Analysis, Food Testing and other allied industries.

Scan for the entire
range of products

- ✓ Certified purity-mass balance
- ✓ Identification test by FTIR/GC
- ✓ ¹H NMR
- ✓ Water determination

S. No.	Product Name	Traceability	Product Code	CAS No.	Pack Size
1	N-Octane	USP	PA GCS 12407017	111-65-9	100 ml
2	Methanol	USP	PA GCS 12407019	67-56-1	100 ml
3	Tetrahydrofuran	USP	PA GCS 12407007	109-99-9	100 ml
4	Triethylamine	USP	PA GCS 12407008	121-44-8	100 ml
5	Acetone	USP	PA GCS 12407011	67-64-1	100 ml
6	Methylene Chloride	USP	PA GCS 12407009	75-09-2	100 ml
7	N-Proponal	USP	PA GCS 12407005	71-23-8	100 ml
8	1,4-Dioxane	USP	PA GCS 12407001	123-91-1	100 ml
9	Acetonitrile	USP	PA GCS 12407012	75-05-8	100 ml
