

GPT Pharmaceuticals Pvt. Ltd.

More than
**16 Years of
Expertise**

State-of-the art
**Manufacturing
facility**

Dedicated facility
for
**Pellets &
Granules**

Exporting to
**more than
15 Countries**

A Solution partner in healthcare...

About us

GPT Pharmaceuticals Pvt.Ltd. established in 2009, was founded by a team of professionals with decades of experience in the pharmaceutical industry. With deep expertise in pharmaceutical formulation development and advanced drug delivery systems, the company specializes in the manufacture of Pharmaceutical Formulation Intermediates (PFIs) and a wide range of modified-release oral dosage forms using polymer-based controlled drug delivery technologies.

At GPT Pharmaceuticals Pvt.Ltd., we operate four state-of-the-art production modules:

- Three modules dedicated to Pellets manufacturing, and
- One USFDA-approved module exclusively for Phenazopyridine HCl DC Granules (68%).

in addition, we hold WHO-GMP certification for select pellet formulations, ensuring adherence to global quality and regulatory standards.

Beyond our regular range of Anti-Ulcer and Anti-Fungal Pellets, our core expertise lies in the customized development and manufacturing of products in therapeutic categories such as Digestive Enzymes, Ulcerative Colitis, Anti-Depressants, Minerals, and Vitamins.

Our manufacturing facility, located in Hyderabad (within 40 km of Hyderabad International Airport), is designed to meet both domestic and international demand efficiently. With robust infrastructure, stringent quality systems, and a customer-focused approach,

GPT Pharmaceuticals Pvt.Ltd. continues to deliver excellence in every formulation - truly living up to our identity as ***“A Solution Partner in Healthcare.”***

Our Vision

To be a globally recognized and trusted partner in pharmaceutical innovation, delivering high-quality, reliable, and affordable drug delivery solutions that enhance therapeutic outcomes and patient well-being - upholding our commitment to be ***“A Solution Partner in Healthcare.”***

Our Mission

- To deliver superior pharmaceutical formulation intermediates and modified-release oral dosage forms through continuous innovation and technical excellence.
- To ensure consistent product quality, regulatory compliance, and timely delivery that meet international standards.
- To foster long-term relationships with clients by offering customized, cost-effective solutions tailored to their specific formulation needs.
- To create a culture of integrity, teamwork, and accountability, empowering our people to achieve excellence at every stage of production.
- To contribute meaningfully to global healthcare advancement through sustainable practices and cutting-edge drug delivery technologies.

Our quality policies:

- Qualified and approved vendors.
- Validated and certified equipment.
- Competent and trained personnel.
- Standardized sampling and testing procedures.
- Continuous training and skill development.
- Process and equipment validations.
- Scheduled equipment calibrations.
- Robust change control and QMS.
- Compliance with GMP and regulatory guidelines.
- In-process and final product quality checks.
- Environmental monitoring and hygiene control.
- Regular internal quality audits and inspection.

The salient features are:

- State-of-the-art manufacturing facility for Pellets and Direct Compressible Granules.
- Advanced equipment for Fluid Bed Coating, Extrusion-Spheronization for Pellets, and RMG, FBD for Granulation.
- GMP-compliant cleanroom areas ensuring contamination-free operations.
- Flexible production capacities - from product development to commercial scale.
- Adherence to GMP, safety, and regulatory norms.
- Capacity to manufacture 5-750 Kg batch size.
- Annual capacity of 270 MT.

Quality & Research Excellence:

- Ensuring strict compliance with cGMP and global regulatory standards.
- Comprehensive testing of raw materials, intermediates, and finished products.
- Continuous improvement through advanced analytical methods and documentation systems.
- Dedicated R&D team focused on innovative formulations and process optimization.
- Commitment to delivering consistent quality and performance in every batch.

Analytical Equipment:

- Lab India dissolution apparatus with 14 bowls
- UV Shimadzu 1900i
- Waters Alliance HPLC-E2695
- Infinity-II 1260 with Autosampler(Agilent)
- GC with headspace Autosampler(Agilent)

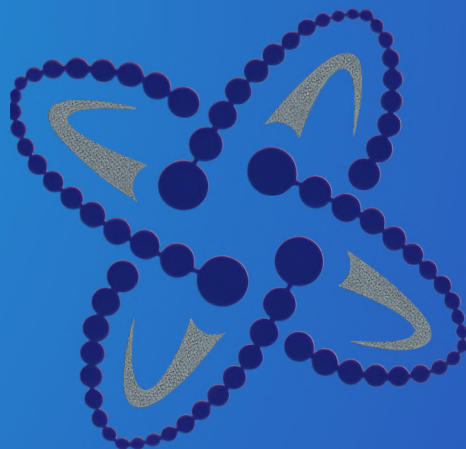

Product Portfolio					
SI	PRODUCT NAME	PHARMACOPIA	STRENGTH	CATEGORY	CTD-DMF
1	Pancreatin Pellets	USP/EP	70%	Digestive Enzyme	Available
2	Itraconazole Pellets	USP/BP/IP	20%, 22%, 40%, 44%	Anti Fungal	Available
3	Tamsulosin HCl SR Pellets	USP/IH	0.16%, 0.2%	Prostratic Hypertrophy	Available
4	Mesalamine Retard Granules (Pellets)	IH	90%, 95%	Ulcerative Colitis	Under Compilation
5	Mebeverine HCl SR Pellets	IH	60%, 80%	Anti spasmodics	Available
6	Venlafaxine HCl SR Pellets	USP	33%	Anti Depressant	Under Compilation
7	Duloxetine Pellets	USP/IH	17%, 20%	Anti Depressant	Under Compilation
8	Omeprazole Pellets	USP/BP/IP	8.5%, 22.5%	Anti Ulcer	Available
9	Esomeprazole Pellets	USP/BP/IP	22.5%, 24%	Anti Ulcer	Available
10	Lansoprazole Pellets	USP/BP/IP	8.5%	Anti Ulcer	Available
11	Pantoprazole Pellets	USP/BP/IP	15%	Anti Ulcer	Available
12	Folic acid Pellets	IH	0.5%	Minerals & Vitamins	Available
13	Dried Ferrous Sulphate Pellets	IH	55%	Minerals & Vitamins	Available
14	Diclofenac Sodium SR Pellets	IH	32%, 33%	Anti inflammatory	Available
15	Orlistat Pellets	USP/IH	50%	Anti Obesity	Available
16	Aspirin Pellets	IH	45%, 60%	Anti inflammatory	Under Compilation
17	Phenazopyridine HCl DC Granules	USP	68%	Urinary Analgesic	Available (USDMF)

Products under Development			
SI	PRODUCT NAME	STRENGTH	CATEGORY
1	Diclofenac Potassium SR Pellets	30%	Anti inflammatory
2	Dexlansoprazole DDR Pellets	17%, 20%, 22.5%	Proton pump inhibitors
3	Propiverine HCl Pellets	11%	Anti Muscarinic
4	Urapidil HCl Pellets	18%	Anti Hypertensives
5	Diphenhydramine HCl Pellets	18%	Anti Histamine
6	Tacrolimus ER Pellets	0.5%, 1%, 5%	Immunosuppressant
7	Ketoprofen SR Pellets	60%, 70%	Anti inflammatory
8	Acitretin Pellets	10%	Psoriasis
9	Pseudoephedrine HCl SR Pellets	45%, 60%	Allergies & decongestant
10	Ambroxol HCl SR Pellets	30%	Expectorant
11	Budosonide EC Pellets	0.88%, 0.9%, 0.35%, 1%, 2%	Anti inflammatory
12	Trimetazidine Pellets	28.5%, 50%, 55%	Anti anginal
