

HydraSight

Hydra Sight is a premium ophthalmic solution designed to provide fast, effective relief for eye irritation.

Its advanced formula ensures comfort and protection, helping you to maintain optimal eye health in any situation.

Arnica Montana

is the most studied herbal product for treatment of several inflammatory conditions, both post traumatic and post-surgical.

Hyaluronic Acid

possesses viscoelastic, mucomimetic and mucoadhesive properties which improve tear film stability and keep the ocular surface hydrated and protected.

When to Use Hydra Sight:

Hydra Sight is effective for the symptomatic treatment of:

- Eye irritation and redness
- Foreign body sensation
- Dryness
- Symptoms associated with conjunctivitis
- Discomfort following ocular surgery
- Traumatic injuries to the eye
