About Us

Welcome to Kimia Biosciences Limited

Kimia Biosciences Ltd is a fully integrated pharmaceutical company, spanning the entire value chain from intermediates and APIs to finished formulations. We deliver high-quality products with agility and integrity, guided by innovation, regulatory compliance and sustainable practices, and are committed to advancing human wellbeing through chemical science.

We blend science, expertise and compliance to supply intermediates, APIs and formulations globally, backed by strong R&D and manufacturing capabilities.

Our promise: high standards, timely delivery and products that enhance human health.

Our Vision:

Our vision is to become an integrated global pharmaceutical company adhering to high standards of quality and compliance

Our Mission:

Kimia's tag line "Chemistry of well-being" speaks volumes about the founders' mission to leverage chemistry for the wellbeing of the people across the globe.

Goals

Our Goals

- ✓ **Integrated Growth** – Strengthen our position as a fully integrated pharmaceutical company from intermediates to APIs to formulations.
- ✓ **Quality & Compliance** – Consistently meet global regulatory standards and deliver products of the highest quality.
- ✓ **Innovation & R&D** – Expand our research capabilities to develop new processes, molecules and value-added offerings.
- ✓ **Global Expansion** – Increase our footprint in regulated and emerging markets through partnerships and exports.
- ✓ **Sustainability & Responsibility** – Operate with environmental stewardship, ethical practices and community impact in mind.

Team

Meet Our Team!

Our leadership and professionals combine decades of expertise in chemistry, manufacturing, regulatory affairs and global markets.

Together, they drive Kimia Biosciences' commitment to innovation, quality and sustainable growth from intermediates to APIs to formulations.

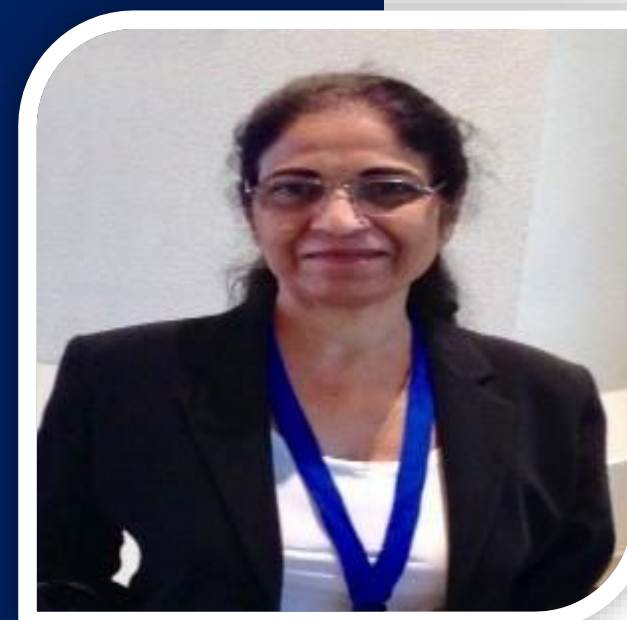

Sameer Goel
Managing Director

A seasoned leader in the API industry with expertise in business development, strategic marketing, operations, and global pharmaceutical partnerships.

M.R.V. PRASADA Raju
Chief Operating Officer

A synthetic chemistry expert with over 35 years' experience in leading pharmaceutical manufacturing, R&D and global business operations.

Dr. Rita Sarin
Strategy & IPR

A seasoned intellectual property leader with nearly three decades of experience in strengthening IP portfolios and aligning innovation with business strategy.

Journey So Far

2015:
Started R&D
with 120 people
with strong IPR
team

2016:
Acquisition of
Laurel Organics
limited

2017:
Accreditation of who
GMP in 2019 and DSIR
R&D

KDMF Filed

Export Started to more
than 15 Countries

2018:
Facility Upgraded to
Regulatory Market
Compliances

2021-25:
Started nutraceutical
exports to the U.S.

Developed DCGI-approved
APIs; first- and second-time
launches in India.

Gained approvals in South
Africa, Taiwan.

Business expanded into
LATAM & Asia-Pacific.

Launched products in
China; filed products in EU.

Filed multiple patents.

Excellence

We set high standards and consistently deliver quality

Innovation

We innovate to create solutions that improve lives.

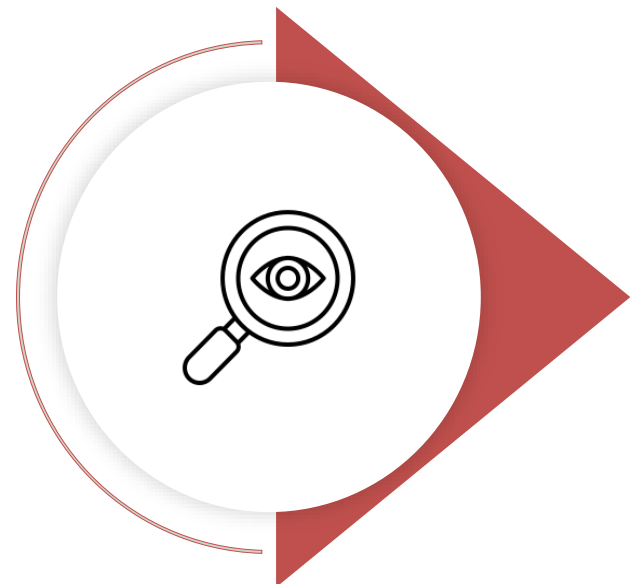

Teamwork

Collaboration and teamwork drive our success.

Empathy

We listen & understand, putting people first in every decision.

Honesty

Integrity and transparency are at the heart of our business.

Company Core Values

**Active
Pharmaceutical
Ingredients**

API

Formulation

FDF

API Intermediates

**Specialty
Chemicals**

Chem

**Our
Business
Verticals**

Contract Research

CRO

**Contract
Manufacturing**

CMO

Technical Expertise

A skilled team of scientists and chemists specializing in polymorphs, salt forms, high-purity KSMs, and intermediates tailored to customer needs.

Scientific Capabilities

Innovative process & analytical method development, impurity synthesis, and scalable manufacturing with cost-effective contract solutions.

Infrastructure

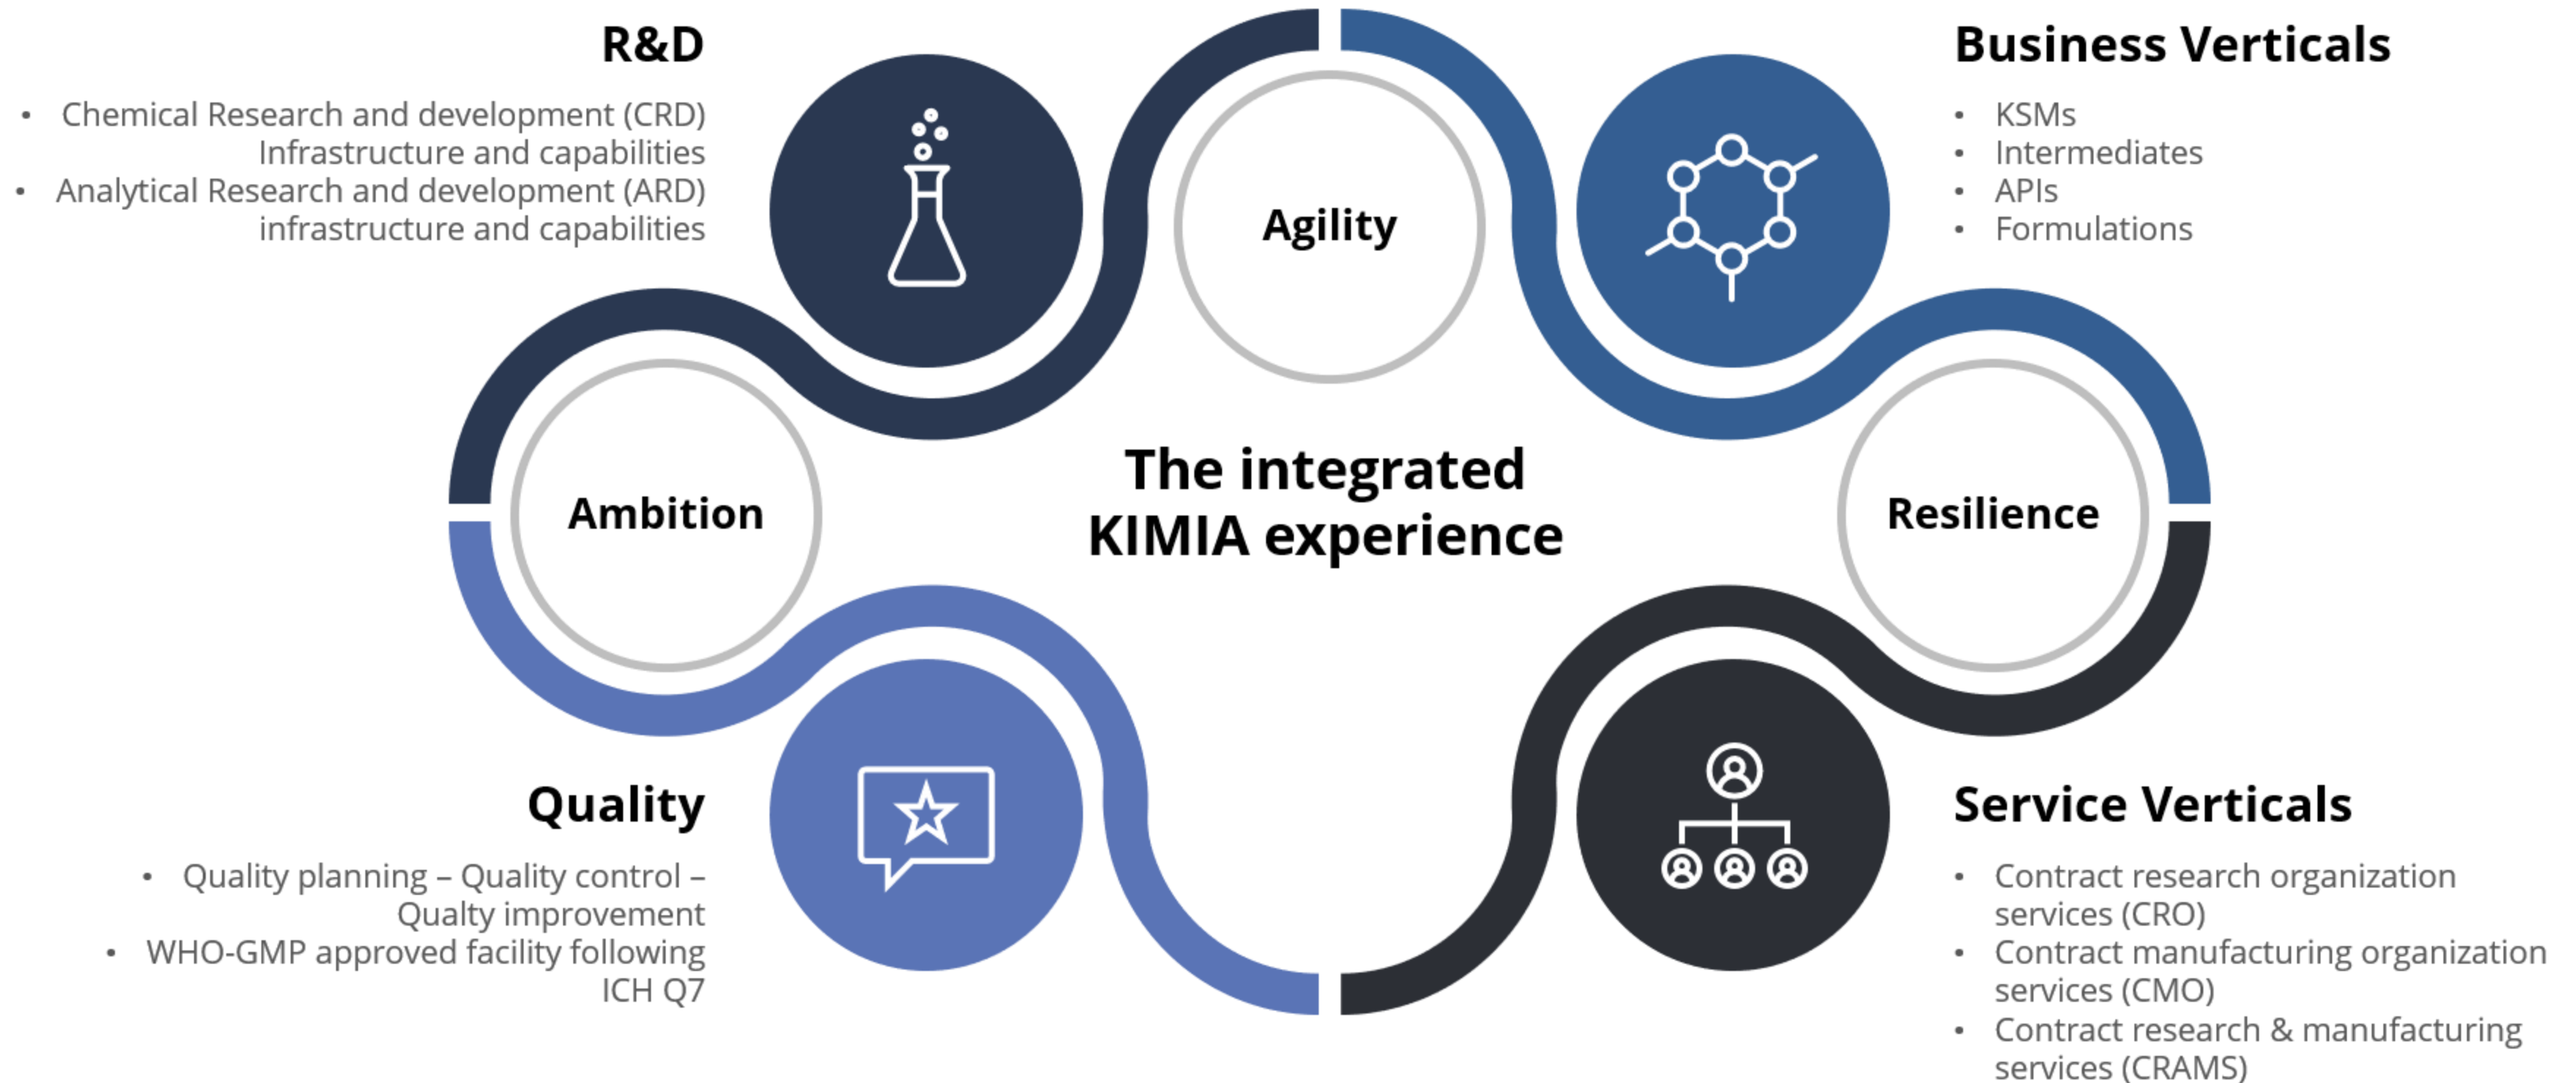

GLP Approved R&D with ADL and GMP - approved manufacturing facilities adhering to international standards with class 100,000 powder processing areas

Regulatory Compliance

All products are supported with DMF as per the eCTD format with Strong in-house IP evaluation.

Our Strengths

Capabilities

Our Foundation of Excellence

API Accreditation & Approvals

Approved by Department of Scientific & Industrial Research and follows WHO guidelines for GMP

Approved by WHO-GMP certification and also have WC and COPP

ISO Certified –9001.2015

ISO Certified –14001.2015

ISO Certified –45001.2018

Approved by PIC/S (Korea) certification

Approved by KFDA certification

Approved by EHS certification

Approved by OHSAS certification

FDF Accreditation & Approvals

وزارة الصحة والبيئة
Ministry of Health & Environment

PHARMACY AND POISONS BOARD

Iran Food and Drug Administration

We are looking to expand our accreditations and will be adding more country approvals soon
