

Lancodent

PROFESSIONAL ORAL CARE

Premier German dental brand redefining modern oral hygiene through clinical innovation. Our holistic system is engineered for professional-grade results, offering everything from high-performance teeth whitening to sustainable, long-lasting freshness.

Lancodent Super White Light-Activated Whitening Toothpaste

Stop waiting weeks for a brighter smile. **Lancodent Super White** revolutionizes oral care by bringing professional-grade whitening technology into your bathroom.

Photo-Active Technology: Our innovative formula contains a light-sensitive whitening agent that remains dormant until it hits the light, accelerating the breakdown of deep-set stains.

Rapid Results: Why wait? Experience a noticeably brighter smile in as little as 10 minutes of use.

Enamel-Safe & Gentle: Get the “dentist-clean” look without the sensitivity. Our formula is designed to be tough on stains but safe for your enamel.

Total Oral Care: Beyond whitening, Lancodent provides a long-lasting mint burst for fresh breath and is infused with soothing agents for gum protection.

Lancodent Concentrated Mouthwash: One Drop for Total Oral Protection

Our formula isn't just about masking odors; it's about comprehensive oral health. Whether you're at home or traveling, this compact powerhouse delivers.

Total Freshness in 1 Drop: A highly concentrated formula that saves space and lasts longer.

Powered by Precious Essential Oils: Infused with a curated blend of botanical oils known for their natural antibacterial and soothing properties.

Gum Health Support: Effectively prevents gum irritation and helps maintain a healthy oral environment.

Long-Lasting Results: Say goodbye to "temporary" freshness. Lancodent guarantees a clean, confident breath that stays with you throughout the day.
