Linnea[®]
CANNABINOIDS

QUALITY IS OUR MEASURE OF EXCELLENCE

ROOTED IN RESEARCH • CRAFTED WITH EXPERTISE • COMMITTED TO INNOVATION

Our cutting-edge cannabinoid Active Pharmaceutical Ingredients represent the highest advancement from Linnea.

BUILDING ON A LEGACY OF MORE THAN 40 YEARS

Linnea is a pioneering pharmaceutical manufacturer of premium botanical ingredients, distinguishing itself through **expertise, quality, and innovation.**

since
1982

OUR ROOTS

Since its founding, Linnea has focused on developing top-tier **plant-based Active Pharmaceutical Ingredients** at its **GMP-certified facility in Switzerland.**

Known for its dedication to excellence, Linnea ensures that every ingredient adheres to rigorous standards, with a particular emphasis on the compliance of its herbal starting materials with GACP standards.

OUR RISE

From 2014 the company has expanded its focus to **cannabinoid research and development**, launching its first **full-pharma grade cannabinoid ingredient** in 2016.

This marked the beginning of our commitment to applying the same **science-based**, uncompromising approach to the manufacturing of cannabinoids from natural *Cannabis sativa L.*

OUR REACH

Looking ahead, Linnea is poised to reinforce its operations with a new state-of-the-art manufacturing plant dedicated exclusively to **medical cannabis derivatives.**

This makes the company one of the very few industry leaders devoted to the **highest levels of quality**, driving sustained growth and industry-leading advancements in the cannabinoid space through 2026 and beyond.
