

Premium formula
Fully chelated
Mg bisglycinate + Mg malate

High bioavailability and good
gastrointestinal tolerability

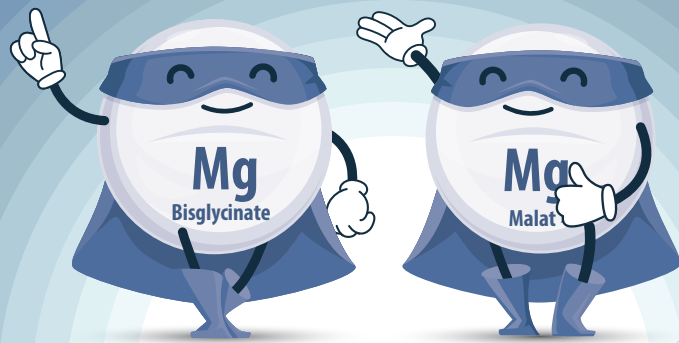

375 mg of elemental
magnesium in daily dose

Magnesium Amsal

A dual source of magnesium
for energy, muscles, and the
nervous system

- ✓ Contributes to normal muscle function
- ✓ Contributes to the normal functioning of the nervous system
- ✓ Contributes to the reduction of tiredness and fatigue
- ✓ Contributes to normal energy-yielding metabolism
- ✓ Contributes to electrolyte balance
- ✓ Contributes to normal psychological function
- ✓ Contributes to normal protein synthesis
- ✓ Contributes to the maintenance of normal bones and teeth
- ✓ Has a role in the process of cell division

Magnesium Amsal is recommended for people who:

-  Want to support the normal function of the musculoskeletal and nervous systems
-  Have increased needs due to physical activity
-  Want to support energy metabolism and help reduce fatigue
-  Have an insufficient dietary intake of magnesium

Why Magnesium Amsal?

-  Dual source of magnesium
-  Organic forms of magnesium selected for good tolerability and high bioavailability
-  Fully chelated magnesium bisglycinate confirmed by laboratory testing of every batch
-  Elemental magnesium content confirmed by laboratory testing of every batch
