**Quality...**

**that Matters**

Incorporated in 1996, as an organization started trading APIs, now established itself as a trusted and niche **EU GMP** certified Pharmaceutical manufacturer of Solid Oral Dosage Beta Lactams.

Other than business success, Medicef's mission is "To be among the World's most trusted brands in the Industry and positively impacting the health of billions of lives across the globe". **"Quality is not an Act, it is a Habit"**, we strongly believe that Quality is never an accident; it is always the result of right intentions, sincere efforts, single direction and skilful execution.

All this earned us the recognition and approval by bodies such as **EU, SHAPRA, ZAZIBONA, EFDA, TFDA, MOH-UAE, INVIMA** with many others and the International Organization for Standardization (**ISO**). Our Quality Policy is **"To improve healthcare by providing highest international quality, safe, effective and affordable Products."**

This was possible only because of operating with the **"Strict code of Business conduct"** and incorporating latest advancements in the Pharmaceutical industry. Training and development of the team with these latest advancements also played the pivotal role in achieving this target. Being an **Environment friendly Organization** all our effluents are treated in a proper manner so as to achieve our goal to be a Non Polluting, environment friendly Organization.
