

MELATONIN

Melatonin is a hormone naturally produced by your body that helps regulate your sleep-wake cycle.

Melatonin Spray – 1mg provides a supplemental dose of this essential hormone to help you fall asleep faster and stay asleep longer, especially when your natural rhythm is disrupted by travel, stress, or irregular sleep patterns.

Precise Dosage

Each spray delivers 1mg of melatonin, ensuring you get the right amount every time.

Fast Absorption

Our spray formula is designed for quick absorption, allowing melatonin to enter your system faster than traditional tablets or capsules.

Convenient & Portable

The compact spray bottle fits easily in your pocket or purse, making it easy to use at home or on the go.

Melatonin: 

Promotes normal sleep

Helps to regulate circadian rhythm

Improves sleep-wake cycle

Helps to regulate sleep rhythm
