

NatCaff SR™

Optimised Bioactive Release For Maximum Efficacy
Long-acting mental performance

Low On Energy ???

Choose NatCaff SR™

An Advanced sustained-release technology naturally sourced, long-acting single active low dose-Caffeine with a controlled hour release for sustained active mental energy along with lasting focus. Utilizing sustained-release matrix technology, provides a controlled hour release profile designed to maintain optimal cognitive enhancement while completely eliminating the sharp energy crashes, jitters, and rapid declines associated with standard immediate-release caffeine options.

NatCaff SR™

- Controlled release delivery
- Gradual caffeine release
- Sustained energy support
- Improved consumer experience
- Performance positioning

Conventional Caffeine

- Rapid absorption
- Energy spike
- Short duration
- Energy crash
- Frequent re-dosing

GMO VEGAN HALAL KOSHER

INSTANT DRINK GUMMIES STICKS FREEZE DRIED CAPSULE TABLET BARS POWDER

Benefits of NatCaff SR™

All day energy, with Single Effective Dose

No jitters or risk of caffeine crash

Improved focus without affecting sleep

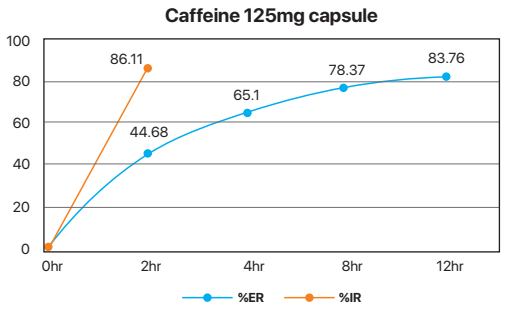

Sourced purely from green coffee beans

Sustained mental energy maintains balanced brain metabolism & peak performance without fluctuations

Lasting focus and clarity improve attention span, executive function, & task accuracy throughout the workday

Clinical Differentiation & Pharmacokinetics

An Open-Label, Balanced, Randomized, Single-Dose, Two-Treatment, Two-Sequence, Two-Period, Two-Way Crossover Oral Pharmacokinetic (PK) Study comparing Caffeine SR with Caffeine IR (Immediate-Release) in healthy participants.

NatCaff SR Release Profile - Dissolution Test (Assay by HPLC)	
Time Points	**Targeted Release**
2-hour	NLT 40%
4-hour	NLT 50%
8-hour	NLT 65%
12-hour	NLT 80%

The clinical data robustly supports NatCaff SR's capability in extending the nootropic benefits of caffeine over several hours, remaining active and protective precisely as the effects of immediate-release caffeine begin to rapidly decline.

DOSE
125mg

Standardisation
NLT 50% Caffeine by HPLC

Source
Green coffee extract
