

At Pontis, we bridge innovative technology with your business needs, crafting tailored software and AI-driven solutions through our front-end, back-end and AI expertise.

We are an IT company serving international clients across Germany, the USA, the UK, Switzerland, Japan, Australia, and more. As part of the Bridgest Group, we deliver world-class IT and AI solutions across industries including Banking, Fintech, Pharma, Gaming, Betting, Automotive, and beyond.

TOP TALENT & EXPERTISE

Our team consists of rigorously selected experts who work with the most modern technologies.

FAST & FLEXIBLE SCALING

We rapidly assign top talent, helping you avoid lengthy hiring processes and focus on your core products.

STRATEGIC LOCATION

Based in Croatia, an EU member, we're located within 3 hours of major European capitals, offering top IT skills above the EU average.

LONG-TERM PARTNERSHIP

We build lasting relationships with clients, becoming trusted partners who reduce your management overhead.

“

Pontis rewrote our automation testing from the ground up with professionalism and technical expertise. Their automated testing quickly identified integration issues, reducing manual intervention and allowing our team to focus on other projects.

ANDREJ PEŠA MATANOVIĆ
MANAGER, IT QA AND TESTING @ TEVA
