production

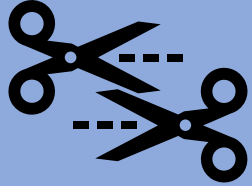

Pre-press & Industrial Design

One of the most important production stages, connecting the visual approach of a package to the final product & determines the technical specifications

Offset Printing: Production's heart

With the advantage of using state-of-the-art printing machines, in simultaneous and continuous connection to Paperpack's MIS system

Die Cutting

Manned with machines & crews capable of completing every job

Folding & Gluing

It is the point of production integration and final control (Accu-Check technology)

Quality

It is the cornerstone of every process with a strong presence in the entire production and non-production flow, ensures continuously the integrity of the product produced

500+ million boxes
200+ million leaflets
