immune system

Immune system protection against common cold symptoms with **PROPOLIS PLUS+** products for the whole family!

## Propolis Plus+

Boost your immune system with a complete range of Propolis products, enhanced from the ideal synergy of powerful ingredients and vitamins.

**Propolis**  
Propolis is rich in flavonoids and has strong antimicrobial and anti-inflammatory properties, enhancing the immune system, while also combating infections.

### Manuka Honey

Manuka honey comes from a special variety of tea trees native to New Zealand and South Australia. Enriched with nutrients such as vitamins, minerals, and antioxidants, it offers a wide range of health and wellness benefits. With its natural antimicrobial properties, it inhibits the growth of approximately **60 types of bacteria**, helping to boost the immune system.

## Propolis Plus+ Herbaryl with Probiotics

Contributes to the normal function of the immune system and the reduction of dry and productive cough

Syrup with titrated **Propolis extract, Honey, Althaea and Ivy extracts, Vitamin C, Zinc**, essential oil of **Thyme, Fennel and Eucalyptus**. Contains selected **Friendly Bacterial** strains (Bacillus coagulans - Bacillus subtilis - Bacillus licheniformis) for the normal function of the organism and the immune system. With sweetener from stevia plant.

Dosage: One tea spoon 5ml, 4 times daily.

Glass bottle of 200ml & 100ml | Homeopathy compatible | Suitable for children 12 years old and above | GREEN APPLE FLAVOR | Alcohol, gluten, lactose & colorants free | With organic sugar from cane & stevia  
EOF index number of notification: 143699/22-12-2022

# BRONAC SERIES

## N-acetyl-L-cysteine (NAC)

NAC stands for N-acetyl-L-cysteine, a form of the amino acid L-cysteine. It is a substance with numerous benefits for both the mind and body. Research has shown that NAC has been effective in treating various health issues.

## Black Elderberry (Elderberry fruit extract)

The Elderberry plant is a rich source of proteins, amino acids, unsaturated fatty acids, vitamins, antioxidants, and minerals. It contains highly biologically active compounds, primarily polyphenols, anthocyanins, and flavonoids.

## Marshmallow extract (Althaea officinalis) (Marshmallow root extract)

Marshmallow is an herb native to Europe, Western Asia, and North Africa. It has been used for thousands of years to address digestive, respiratory, and skin conditions. The high mucilage content of marshmallow root makes it useful for treating coughs and colds.

N-acetyl-L-cysteine

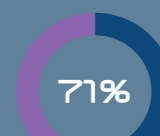

Black Elderberry

Vitamin C, D & Zinc

helps support the respiratory health

They contribute to the normal function of the immune system

Helps protect cells from oxidative stress
