

*Products for a better life*

# about us

Pharmalead Vitorgan is a modern and dynamic organization with a heritage spanning over six decades, originating in Greece. Throughout the years, we have witnessed substantial growth in our product portfolio, resulting in the establishment of dedicated departments such as Exports, Marketing, Graphics, and Research & Development within our facilities and the certification of ISO 9001:2015. Over this extended period, we have focused our expertise in the creation of Food Supplements, Dermocosmetics and Medical Devices, prioritizing safety and efficacy in all our products. At the core of our mission remains our promise to pioneering innovative formulations and creating products for a healthier and more beautiful life.

# success story

Our esteemed organization, embarked on its journey in 1952 as a modest Greek enterprise. Pharmalead the brand, which was established in 2004, has demonstrated remarkable growth and diversification over the decades, expanding a portfolio that now encompasses more than 200 distinct products. Having firmly established wide clientele within the Greek market, Pharmalead attracted attention from international corporations, thus successfully extending its operations beyond the Greek borders. Guided by commitment to values such as integrity, respect, consistency, and innovation, Pharmalead has proudly reached to a position of public attention as one of the leading brands in Greece.

# awards

# PharmaLead the brand

PharmaLead Vitorgan is synonymous to excellence in the realm of pharmacy care products. Our extensive range encompasses food supplements, dermocosmetics, medical devices, and specialized pharmacy care offerings, all meticulously crafted to enhance health and beauty.

At PharmaLead Vitorgan, we are responsible for delivering effective solutions that address the large number of challenges our bodies and skin encounter on a daily basis. Our products are an example of our dedication to well-being and beauty needs, standing as a testament to our enduring commitment to quality and innovation.

# our vision

Our brand maintains a steady commitment to continually invest in a modern, appealing, and innovative product portfolio, with the primary objective of enhancing the quality of life for people across the globe.

# our mission

PharmaLead's mission is to provide the highest standards of product quality and innovation while prioritizing customer satisfaction. In essence, PharmaLead aims to empower individuals to look and feel their best, promoting a sense of vitality and self-assurance in their daily lives.
