

**BORN FROM ITALIAN TRADITIONS**

**BUILT FOR INNOVATION**

**POWERED BY ORGANIC EVO OIL**

INSPIRED BY  
NATURE

JUSTIFIED BY  
RESEARCHES

DEDICATED TO  
PEOPLE

## The origin of Dermolivo®

Dermolivo was born in 2019, during laboratory reaserches on one of the pillars of italian culture: Extra Virgin Olive Oil.

After discovering the potential of this ingredient we decided to create the Dermolivo line: a blend of modern research and deeply rooted traditions devoted to create natural and efficient products.

## We believe in the healing power of Nature:

- promoting skin and intimate health through natural products and scientific research, backed by quality certifications and clinical studies.

Every SKU is characterized by unique and delicate formulas with precious ingredients, deeply rooted in Italian tradition.

Dermolivo is certified with ISO 9001 and ISO 13485

**EvoGold®** is the registered blend and the base of all our products, and it has an amazing moisturizing and soothing action. Italian Organic Extra Virgin Olive Oil Enriched with natural Vitamin E is also a natural antioxidant and mild antiinflammatory

All gynecological products also contain Duolact: a mix of Lactoferrin and Tyndallized probiotics Lactobacillus Acidophilus and L. Casei. This mix has rebalancing, antinfective and antifungal properties, useful for prevention of intimate infections

## DERMATOLOGICAL OIL

30 ml airless tube

Deeply moisturizing and soothing action: it nourishes the skin and calms reddening

PARABENS, ALCOHOL,  
PETROLATUM, PERFUME,  
GLUTEN **FREE**

DERMATOLOGICALLY,  
MICROBIOLOGICALLY  
AND NICKEL **TESTED**

### DESCRIPITON

Dermolivo oil is an innovative complex, based on Bio extra virgin olive oil and Natural Vitamin E, rich with Squalene and Polyphenols. Dermolivo oil heals wounds, reduces the biofilm of the skin, keeping the physiological balance of the skin microbiota, deeply hydrates and gives the skin elasticity. Due to the special blend technology, the product is fast absorbing without leaving an oily film.

This version of Dermolivo Dermatological oil is made with all edible ingredients.

### INTENDED USES

**SKIN CARE:** Emollient treatment for dry, flaky, reddened, chapped skin (including due to cold, sunburns, chemicals, etc.) and skin with atopic dermatitis. Can be used for protection of the oral mucosa.

**BREASTFEEDING AND PREGNANCY:** To prevent stretch marks, for prophylactics of nipple fissures during the breastfeeding, for perineum massages and genital irritations.

**BABY SKIN:** sensitive, irritable, or subject to allergies baby skin.

### CAN BE USED WITH

#### Rinsing cleansing oil

👉 CLEANSING 👉 EMOLLIENT 👉 ANTI-ITCHING

#### Zeta Mousse

👉 SOOTHING 👉 PROTECTIVE 👉 ANTI-REDNESS

## DERMATOLOGICAL OIL SPRAY

100 ml

Deeply moisturizing and soothing action: it nourishes the skin and calms reddenings

PARABENS,  
PETROLATUM, ALCOHOL,  
PERFUME **FREE**

DERMATOLOGICALLY,  
MICROBIOLOGICALLY  
AND NICKEL **TESTED**

### DESCRIPITON

Dermolivo oil is an innovative complex, based on Bio extra virgin olive oil and Natural Vitamin E, rich with Squalene and Polyphenols. Dermolivo oil heals wounds, reduces the biofilm of the skin, keeping the physiological balance of the skin microbiota, deeply hydrates and gives the skin elasticity. Due to the special blend technology, the product is fast absorbing without leaving an oily film.

In comparison to the original version of Dermolivo Dermatological oil it's more suitable for use on larger areas of skin and it is not edible.

### INTENDED USES

**SKIN CARE:** Emollient treatment for dry, flaky, reddened, chapped skin (including due to cold, sunburns, chemicals, etc.) and skin with atopic dermatitis.

**FOR WOMEN'S SKIN:** to prevent stretch marks, for perineum massages and genital irritations also during pregnancy.

**BABY SKIN:** sensitive, irritable, or subject to allergies baby skin.

# Dermolivo® VAGINAL GEL

5 applicators x 3 ml

Lubricant and soothing action: a deeply moisturizing gel in 5 easy to use predosed vaginal applicators

PARABENS,  
PETROLATUM,  
PERFUME **FREE**

GYNECOLOGICALLY,  
MICROBIOLOGICALLY  
AND NICKEL **TESTED**

## DESCRIPITON

Dermolivo® Vaginal Gel is a medical device usefull as an adjuvant for the treatment of vaginal dryness.

It has a lubricant, moisturizing and soothing action, that restores comfort even in case of concomitant itching and burning. It creates a lubricant-protective film, given by the presence of EvoGold®, that protects the vaginal mucosa, contributing to the maintenance of the physiological state of hydration.

Duolact grants a rebalancing action of the vagina's bacterial microflora and inhibits bacterial proliferation, soothing annoying symptoms associated to bacterial vaginosis.

## INTENDED USES

- Helps to maintain a physiological vaginal environment, facilitating the lactobacilli colonization
- Useful case of itching, redness and irritation due to fungal or bacterial infections
- Works as a lubricant and coadjuvant for vaginal mucosa restoration
- Can be used during chemotherapy or radiotherapy treatments
- Quickly relieves symptoms related to vaginal dryness and eliminates unpleasant odors

## VAGINAL DOUCHE

3 bottles x 80 ml

Rebalancing and protective action: a soap free douche made to support the vaginal ecosystem

PARABENS,  
PETROLATUM,  
PERFUME **FREE**

GYNECOLOGICALLY,  
MICROBIOLOGICALLY  
AND NICKEL **TESTED**

### DESCRIPITON

Dermolivo® Vaginal Douche is an acid PH vaginal solution, formulated to effectively cleanse the vaginal mucosa which is useful to counteract vaginal dryness. It has a moisturizing and soothing action, balances physiological PH level, restores comfort even in case of concomitant itching and burning.

The douche is applied through a mobile anti-shock vaginal cannula, to facilitate the use of the device and eliminate the risk of internal vaginal trauma during use.

### INTENDED USES

- Unpleasant odor, itching, burning and other symptoms associated with the presence of vaginal diseases
- Intimate cleansing to remove residue from topical products (ovules, cream) and in case of abundant discharge
- Intimate hygiene after the menstrual cycle, sexual intercourse, the postpartum period, invasive gynecological examinations and surgical interventions
- As symptomatic in association with antiinfective drug therapy
- Adjuvant in the repair process of vaginal mucosa
