

ABOUT US

Sarshika Pharmachem LLP was incorporated in 2018 with the mission to manufacture high-quality Active Pharmaceutical Ingredients (APIs) and Excipients.

We have a state-of-the-art Research & Development lab, where a dedicated team, supported by our Quality Assurance (QA) and Quality Control (QC) departments, works relentlessly to meet our company's goals.

Our 4000 sqm manufacturing facility adheres to stringent cGMP guidelines, ensuring top-tier quality, consistency, and compliance with global standards. With a focus on innovation and quality, Sarshika Pharmachem is dedicated to serving the evolving needs of the pharmaceutical industry. Our installed manufacturing capacity stands at 200 MT per annum for active pharmaceutical ingredients.

REACTION HANDLING CAPABILITIES

- **Acetylation**
- **Amination**
- **Borohydride Reduction**
- **Chemical Reduction**
- **Cyanation**
- **Chlorination (Thionyl Chloride)**
- **Enzyme Hydrolysis**
- **Hydrolysis**
- **Oxidation**
- **Salt Conversions**

OUR STRENGTH

Our manufacturing processes are supported by in-depth analysis and quality control systems, ensuring the highest standards for each product. Our products are backed by:

- Characterisation
- Impurity Profile
- Stability Studies
- Product Traceability

Sarshika Pharmachem LLP ensures that every product meets global regulatory standards, providing comprehensive documentation for quality, safety, and traceability.

PRODUCT LIST

PRODUCT NAME	GMP	WHO GMP	CEP
Levocarnitine IP/BP/EP/USP	√	√	●
L-Carnitine L-Tartrate INH	√	√	●
L-Carnitine Fumarate INH	√	●	●
Acetyl L-Carnitine INH	√	●	●
L-Ornithine L-Aspartate INH	√	√	●
Arginine Aspartate EP	√	●	●
Acetyl L-Cysteine BP/EP/USP	√	√	●
Inositol IP/USP	√	√	●
Calcium Orotate INH	√	√	●
Calcium Dobesilate IP/BP/EP/USP	√	●	●

CAROTENOIDS

Beta carotene USP Powder & Oil	√	●	●
Lycopene USP Powder & Oil	√	●	●

EXCIPIENT

PVPK 30 USP43	√	●	●

UNDER DEVELOPMENT

- Acyclovir
- Diacerein
- L-Arginine
- L-Lysine
- L-Threonine
- L-Tryptophan
- L-Histidine
- L-Tyrosine
- L-Isoleucine
- L-Valine
- L-Glutamine
- L-Methionine
- L-Leucine
- L-Phenylalanine
