*Innovative Formulation for a  
better & healthier tomorrow*

## OUR GLOBAL PRESENCE

Swiss, originally founded in India in the 1940s as a trading house, embarked on its journey into pharmaceutical manufacturing in 1986. Over the decades, it has evolved into a prominent Contract Manufacturing Organization (CMO) and Contract Development and Manufacturing Organization (CDMO) & Tech. Transfer on a global scale. With over 30 years of experience, Swiss has established itself as an integrated pharmaceutical company, excelling in R&D, production, export, and distribution of pharmaceutical products.

Today, Swiss is recognized as a top manufacturer of both generic and specialty drugs worldwide. The company's capabilities extend across a wide range of pharmaceutical forms, including sterile and non-sterile preparations, as well as external preparations such as Liquid Inhalation Anesthesia, Ophthalmic, Otic, and Ointments. Swiss prides itself on its extensive expertise and capacity in the general and beta-lactam categories, catering to diverse market needs with quality and innovation at the forefront of its operations.

Swiss robust & extensive expertise in manufacturing a wide range of products including medicinal products (Both prescription (Rx) & Over-the-counter (OTC)), dietary supplements, cosmetics, and veterinary formulations. Our commitment to quality and innovation ensures that each product meets rigorous standards. We take pride in our global reach, supplying finished formulations and services to customers and partners in over 80 countries worldwide. This expansive network allows us to cater to diverse market needs while maintaining the highest levels of customer satisfaction and regulatory compliance.
