

LARUS Pharma_{srl}

**LARUS
Pharma**
**Effective, Safe
and Natural Products
for the whole family**

About LARUS Pharma

Since 1994 we have been creating in Italy products based on our knowledge of **essential oils and active vegetable extracts** and their application in the field of health and well-being.

We believe in the ability to innovate, make and update products: our patent, **a patch containing microcapsules of essential oils**, is now known and used all over the world.

We strive every day to guarantee effective, natural and safe products suitable for the needs of the whole family, **especially the little ones.**

Our strengths

- Decades of **experience**
- **Patents** on formulations and release of essential oils
- Continuous **research** based on the use of natural active ingredients
- Continuous product **development**
- Recognised **international** presence
- **Made in Italy** 

Our international Brands

MOSQUITAN

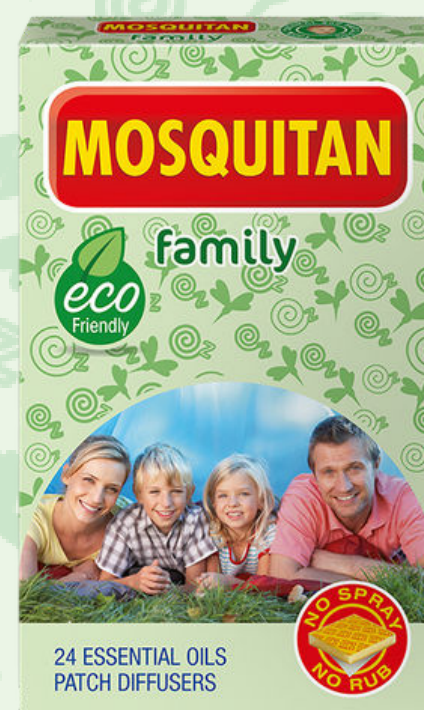

Natural protection for the whole family

Gel

Spray

Family Patches

Kids Patches

Wristband

Afterbite Roll-On

Afterbite Stickers

MOSQUITAN

A whole line for **protection against mosquitoes** and **afterbite relief**.

100% natural, safe and harmless products based on essential oils and active natural ingredients. The products of the line are **dermatologically and clinically tested**.

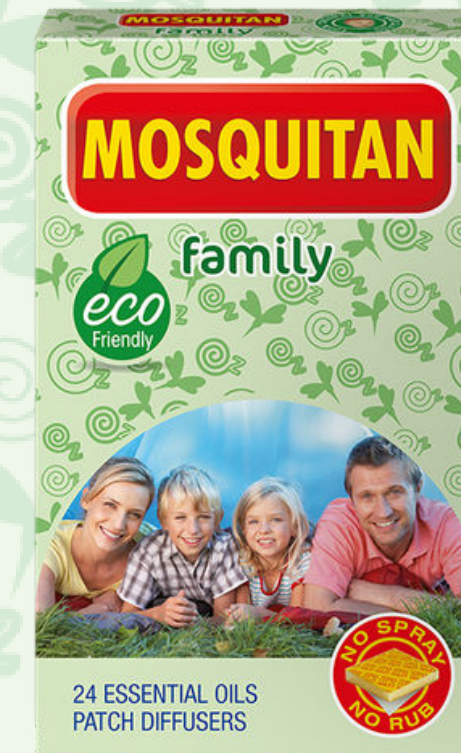

The patented patches based on microcapsule technology are one of the few products on the market suitable for the **protection of newborn babies**.

THE AGE OF USE

0 MONTHS

3 YEARS AND ABOVE

MOSQUITAN PATCHES - THE PATENT

Mosquitan Family and Kids patches use the unique and innovative release system for essential oils that was patented by the European Patent Office.

HOW IT'S MADE

MOSQUITAN PATCHES - HOW IT WORKS

1

Tear one patch

2

Press the patch

3

Peel the patch

4

Stick the patch

5

Enjoy!

MOSQUITAN WRISTBAND - THE INNOVATIVE TECHNOLOGY

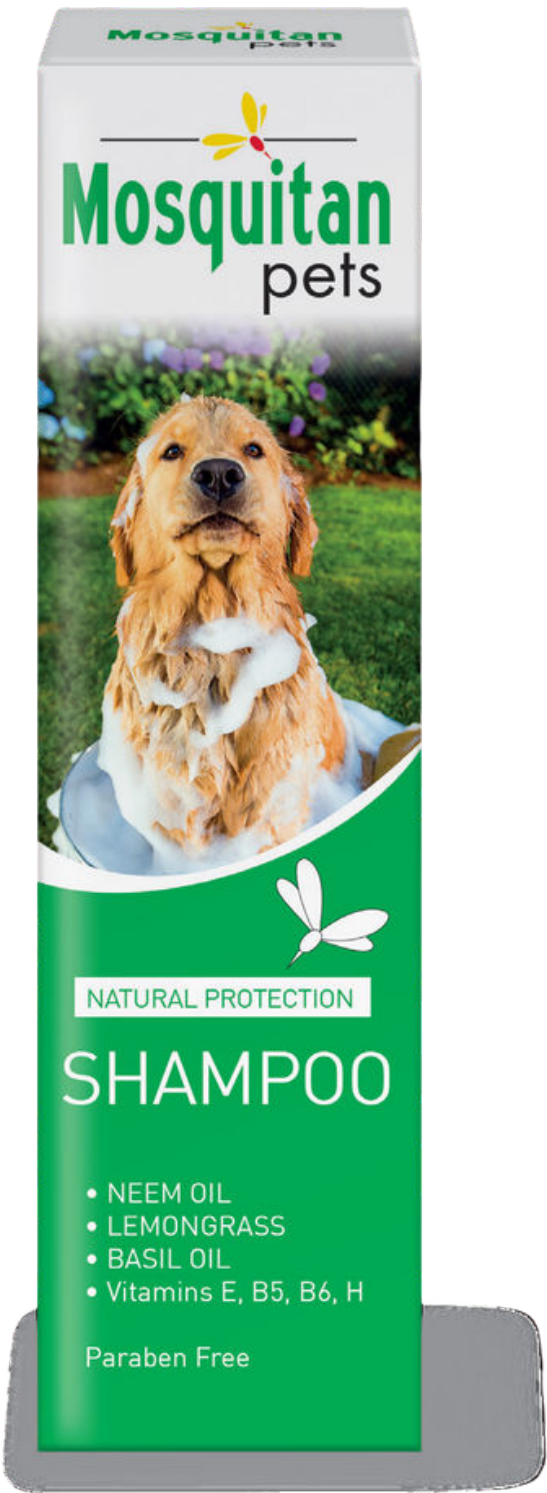

The plastic is not simply perfumed or soaked in oils, the production process involves **blending the oils of the exclusive Mosquitan blend directly with the melted plastic** during the creation of the wristband.

This technology makes the product super concentrated and long-lasting: 1.2 grams of essential oils with a tested effectiveness of **over 240 hours!**

The **aroma protection bag** included in the packaging helps to preserve the freshness and fragrance of the essential oils even for a longer time.

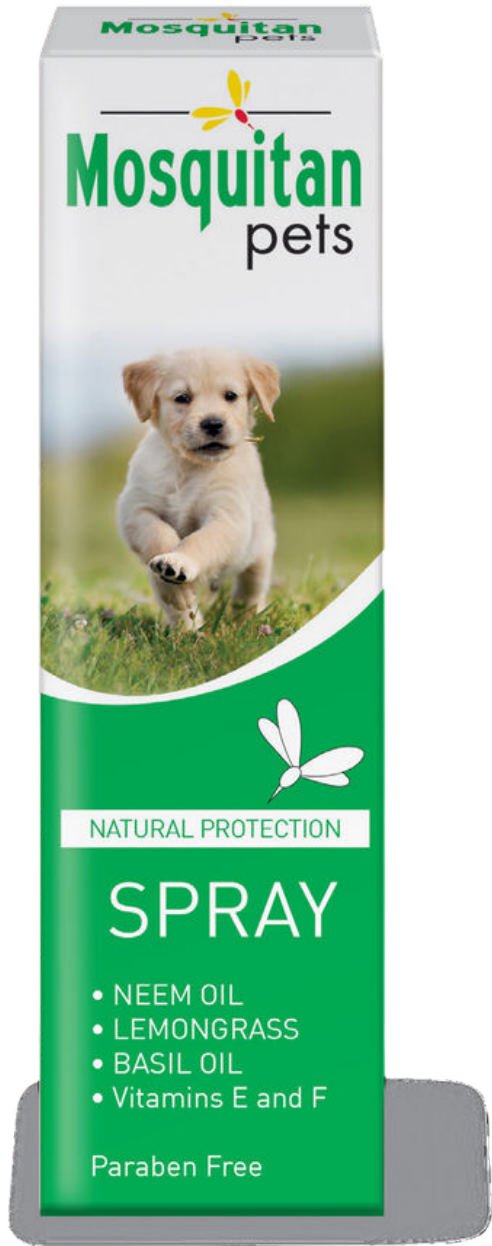

The natural protection for our fur friends

Shampoo

Patches

Spray

ERiiS for Hair haircare line

As hair loss in women and
men is different from a scientific point of view,
Larus Pharma
has developed a specific line for both.

Hair Treatment Woman

Conditioner Woman

Shampoo Woman

Shampoo Man

Hair Treatment Man

Reasons to choose the ERiiS line

- Complete anti-hair loss treatment that slows down hair loss, improves scalp health and strengthens the hair fibre
- Innovative ultra-active vegetable ingredients
- Efficacy proven by clinical studies
- Easy to use and suitable for all hair types
- Light and delicate texture and fragrance
- Nickel tested, SLES-free and Paraben-free

naufree® PATCHES WRISTBAND

innovative delivery systems for the release of a special mixture of natural essential oils of **Mandarin, Ginger and Peppermint**, which are proven to be helpful in the relief of nauseous sensations which occur during travel (by car, plane or boat), or pregnancy, or in case of anxiety and digestive problems.

- ✓ Clinically tested for effectiveness
- ✓ Dermatologically tested for skin tolerability

SANTECARE

PATCHES WRISTBAND

The SanteCare Balsamic Line features practical and innovative diffuser formats that release the fresh, balsamic notes of pure essential oils of **Mint, Eucalyptus, Pine, Orange and Cajeput**, traditionally recognised for their balsamic and decongestant properties.

The line is designed to provide a pleasant sensation of freshness and breathing comfort **in cases of colds or nasal congestion**, offering an easy and discreet way to enjoy an aromatic relief throughout the day.

✓ *Clinical tests in progress*

✓ *Dermatologically tested for skin tolerability*

Soothing gel with 100% natural active ingredients:
Aloe Vera, Calendula Officinalis, Mimosa Tenuiflora, Quercus Robur.

The gentle formula, dermatologically and clinically tested, absorbs quickly to soothe and deeply hydrate skin that is red and irritated because of **excessive sun exposure or after contact with irritating external agents.**

Efficacy proven by Clinical Trials conducted under dermatological control by Chelab Mérieux NutriSciences laboratories in cooperation with the University of Padova.

Leni Erythema®

Soothing cream with high moisturising and emollient power based on 100% natural soothing active ingredients. Gentle, light, clinically and dermatologically tested formula based on **Aloe Vera, Calendula Officinalis, sweet Almond oil, Quercus Robur, Mimosa Tenuiflora, Jojoba oil and Vitamin E.**

Medusan Pharma is specifically designed to alleviate the itching and burning sensation of irritated skin after contact with external agents (**jellyfish, insect bites, nettles, mild household burns or sunburns**). The gentle formula is fast-absorbing and suitable for frequent applications.
Parfum-free and paraben-free.

Efficacy proven by Clinical Trials assessing anti-inflammatory activity, conducted on human fibroblasts at the C.A.O. Res Pharma Industriale laboratories in collaboration with Mérieux NutriSciences.

DECONTRACTING LINE

Warming formulas designed to promote muscle relaxation and provide comfort to tense and tired areas, thanks to a synergistic blend of botanical extracts with soothing, warming and circulation-stimulating properties.

Ideal for targeted application whenever muscles feel tense, stiff or fatigued.
