

# 求索进取 护佑众生

Dedicated to Exploring and Advancing, Committed to Caring for All

扬子江药业集团

Yangtze River Pharmaceutical Group

## Company Profile

As a leading pharmaceutical company in China, Yangtze River Pharmaceutical Group (YRPG) was founded in 1971, and is one of the first Innovative Enterprises in China selected by the Ministry of Science and Technology. YRPG is dedicated to providing high-quality, effective products and services worldwide, fulfilling the core value of “**High Quality, Public Benefits, Continuous Innovation, and Pursuit of Excellence**”.

We are committed to high-quality sustainable development, and will continue to pursue higher quality standards, striving to become a benchmark of excellence in the pharmaceutical industry and establish YRPG as a global brand. We aim to expand international exchange and cooperation, seeking partners worldwide to ensure that YRPG’s high quality products can benefit people around the globe.

## Corporate Culture ▶▶▶

- **Mission:** Dedicated to exploring and advancing, committed to caring for all
- **Vision:** To be a China-leading, World-class Pharmaceutical and Healthcare Group
- **Core Values:** High Quality, Public Benefits, Continuous Innovation, Pursuit of Excellence

## Business Scope ▶▶▶

### WHAT WE CAN DO

## R&D Platforms Introduction ▶▶▶

Prioritizing innovation and regarding R&D innovation as the strategic foundation for its sustainable development, YRPG has established a research and development team composed of nearly a thousand people, with over 50% holding master's or doctoral degrees. Four distinct R&D bases have been set up in Shanghai, Taizhou, Nanjing, and Beijing. YRPG has obtained over 700 patent authorizations, including over 480 invention patents, and won nearly 20 awards for outstanding patents at the national, provincial, and municipal levels.

Continuously strengthening innovative R&D, YRPG focuses on the unmet clinical needs in treating diseases that severely threaten human health. Patient-centered, the group fully uses cutting-edge technologies in global life sciences to build a future-oriented new product pipeline. It continuously promotes the launch of innovative drugs to benefit global health.

<b>5</b> Research and Development Centers	<b>800+</b> Research and Development Teams	<b>50%+</b> The proportion of Staff with Master's or Doctor's Degrees	<b>130+</b> Projects Under Research
<b>1600+</b> Patent Applications	<b>720+</b> Patented Inventions Granted	<b>1200+</b> Applications for Invention Patents	<b>480+</b> Authorized Invention Patents

## Dosage Forms

Tablet	Capsule	Inhalant
Granule	Dripping Pill	Eye Drop
Pill	Plaster	Liniment
Powder	Soft Capsule	Cream/Ointment
Liposome	Fat Emulsion	Pre-filled Syringe
Patch	Nanoemulsion	Nanocrystalline
Anti-tumor Injection	Small-volume Injection	Sustained/Controlled Release
Large-volume Oral Solution	Small-volume Oral Solution	Lyophilized Powder for Injection
Cephalosporin Powder for Injection	Large-volume Injection - Bottle	Large-volume Injection - Soft Bag

## About Quality

We are committed to providing high-quality products, aligning our manufacturing quality system with international standards. Multiple facilities have successively obtained certifications from **US FDA, EU, TGA, and PIC/S**.

YRPG has received one of the world's Top 3 quality accolades - **EFQM Global Award**.

From 2015 to 2025, YRPG has won **31 Gold Awards of the International Convention on Quality Control Circles (ICQCC)** in total.

YRPG has been honored with **China Quality Award Nomination**, the highest recognition for quality excellence, by the Chinese government.
