

Q Laboratories

Results you can trust, When you need them.

Microbiology, Analytical Chemistry & Stability Testing Services

Registered with the FDA, cGMP/GLP compliant, and ISO/IEC 17025 accredited, Q Laboratories is dedicated to helping you maintain the high level of excellence you demand for your Rx/Pharmaceutical products. As a **third-party contract laboratory**, we combine advanced technology with personalized service to help companies around the world meet their testing and quality assurance needs.

Partnering With Us Means:

- 365 Day Laboratory Operations
- Personalized Service and Attention
- Dedicated Microbial Identification Lab (Bruker MALDI)
- In-field Sample Collection (Location Dependent)
- Secure Client Portal
- Direct Access to Our Scientists
