

EFFERVESCENT TABLETS

HIGH QUALITY VITAMINS

Reluprovit® vitamins and minerals are developed in collaboration with leading medical experts.

The quality of the ingredients and the high technological standards of production guarantee the effectiveness of the product.

ACTIVE LIFESTYLE AT ANY AGE

Our main goal is to improve people's health and maintain their active lifestyle.

Reluprovit® vitamins help you take care of your health and get all the necessary substances in optimal doses. Vitamins and trace elements are useful for health and support of physical as well as mental activity at any age.

GERMAN PRODUCTION

Reluprovit® vitamins are produced exclusively in Germany in strict accordance with the IFS standard and meet the requirements of GMP according to IPEC-PQG for Pharmaceutical Excipients.

GMP production rules also govern the training and management of personnel, equipment maintenance, procedures and workflows.

Each stage of production begins with the receipt of ingredients and ends with the delivery of the finished product. All production processes are very carefully controlled in accordance with the highest quality and safety standards.

excellent tolerability

A delicious refreshing drink
for your health

FAST ACTION AND HIGH EFFICIENCY

Effervescent tablets are one of the most effective forms of delivery of active ingredients to the body. They provide faster and more complete nutrient absorption than other forms such as conventional tablets, capsules, etc.

Clinical studies show that the active ingredients are absorbed into the blood after 15 minutes.

Faster absorption provides an increase in the effectiveness.

PRODUCT RANGE

EFFECTIVE AND TASTY VITAMINS

Reluprovit® Effervescent Tablets are wide range of products in soluble form with various active ingredients.

AKTIV+

DYNAMIC LIFE

Offered as food supplement - an additional source of vitamins and minerals C, E, B1, B2, B6, B12, D3, niacin, pantothenic acid, folic acid, biotin, copper, iron, magnesium, zinc, manganese.
