

Safrooy's
Machines Pvt Ltd

ABOUT US

At Safrooy's we are passionate about partnering with our customers to manufacture high quality empty hard capsules. With over three decades of experience, we have established ourselves as an indomitable presence in the capsule manufacturing industry with a robust global footprint across multiple countries.

WHAT WE DO

We are specialists in the Technology and Equipment required to produce empty Hard Capsules. The two-piece capsule shells can be made from different raw materials such as gelatin, HPMC, Pullulan, etc.

WHY US

At Safrooy's we are guided by our core principles of Quality and Trust, empowering us to deliver long-term, high-value services that consistently exceed our customers' expectations. As an industry veteran, Safrooy's is the ideal partner for both existing manufacturers as well as new entrants in the field of hard capsule manufacturing.
