SUREtechnology
Platform™

SUREtechnology Platform™

Powered by Selexis® for premium,
stable, and integrated CHO-based
cell line development

PUREplatform™

A new standard of E. coli expression
for clean, efficient therapeutic
protein production

Mammalian

Preclinical to commercial, matched to your molecule

-  Cell Line Development (CLD)
-  Process Development
-  Clinical Manufacturing
-  Commercial Manufacturing

[Learn More](#)

Analytical

Developing comprehensive solutions for analytical challenges in biologics

-  Non-GMP and GMP Support
-  Rapid and Full Scope Analytics
-  The Right Data and Insights
-  Formulation

[Learn More](#)

Microbial

Raising the bar on microbial expression and manufacturing efficiencies

-  E. coli-based CLD
-  Process Development
-  Clinical Manufacturing
-  Commercial Manufacturing
