

## Tested. Transparent. Trusted.

At Spectrum Chemical, we leverage more than 50 years of expertise in sourcing, QC testing and packaging to meet the needs of organizations in highly regulated industries.

With our diverse product portfolio and relentless focus on quality, we deliver highly personalized service and practical consultations to earn your trust and exceed expectations.

- More than 45,000 chemicals in laboratory, scale-up and bulk quantities
- Security of supply to minimize risk and raw material variability
- Manufactured, packaged and stored under cGMP in FDA-registered and inspected facilities
- In-house QC testing by lot to safeguard quality
- Comprehensive regulatory and scientific documentation to ensure compliance
- Change control, lot traceability and supply chain transparency to eliminate unpredictability
