High-barrier and specialty APIs for qualified distribution and supply discussions.

API	Brief	CAS No.	Pharmacopeia	Characteristic / Status
★ Ferric Citrate	FC	3522-50-7	USP / EP / JP	Origin API
★ Phenylpropanolamine HCl	PPA	154-41-6	USP / EP	US. Origin Veterinary API Controlled substance
Pseudoephedrine HCl	PE	345-78-8	USP / EP	Controlled substance
Mefenamic Acid	MF	61-68-7	USP / EP / JP	Sanofi, Pfizer & Daiichi Sankyo
Phenylephrine HCl	PER	61-76-7	USP / EP	Commercial production planned from late 2026

02 Renal Care Portfolio

Nephrology-focused products covering medicine, supportive care, and patient-oriented solutions.

Brand	Ingredient	Indication / Function	Class	Key Characteristic
NEPHOXIL	Ferric Citrate	Hyperphosphatemia in CKD patient & veterinary drug	Medicine	Originator drug New application for veterinary use
FEXENOL	Ferric Citrate	NDD-CKD anemia	Medicine	Originator drug, Delay CKD
LIDOPIN	2.5% Lidocaine + 2.5% Prilocaine	Dialysis needle pain	Medicine	Tawan Market share No.1 Better penetration than EMLA
NEPHRO SKIN	Calcium Tech patent	Uremic pruritus	Cosmetic	Global Unique for uremic-pruritus patient
PRONEPHROL	Vitamin complex for dialysis	Helps replenish water-soluble vitamins lost during dialysis	Food supplement	Tailor made for CKD
CALCIHEALTH	Vitamin K2+D3	Prevent calcification	Food supplement	Supportive care concept
NEPHROBETTER	Probiotics	Uremia	Food supplement	Microbiome-support concept

Kidney good friend

- Global unique for Uremic Pruritus
NEPHRO SKIN
- Needle insertion pain
LIDOPIN
- Hyperphosphatemia in CKD
NEPHOXIL
- NDD-CKD anemia & Delay dialysis
FEXENOL
- Helps maintain vitality
PRPNEPHEROL
- Delay dialysis
NEPHROBETTER
- Prevent calcification
Vitamin K2 + D3

03 Aesthetic & Post-Procedure Portfolio

Designed for aesthetic clinics, med-spa channels, and post-procedure care discussions.

Brand	Major Ingredient	Application	Class	Unique Characteristic
LIDOPIN	2.5% Lidocaine + 2.5% Prilocaine	Topical anesthetic cream for pre-procedure pain control	Medicine	Taiwan market share No.1 Better penetration than EMLA
Sterilized PxoBang	PRP + Exosome	Rejuvenation	Cosmetic	Global unique Double UM patent Room-temperature preservation for 3 years
Amazline	PDO thread + blunt cannula	Face lifting	Medical device	Unique molding manufacture Excellent tensile force
9D HA Booster	9 molecular weights of hyaluronic acid	Deep hydration and skin revitalization	Medical device	Unique thermolysis tech Patent Reaches multiple skin layers
PLLA Booster	PLLA	Improves the appearance of dynamic wrinkles	Medical device	Unique spherical porous structure Fast dissolve, Reduced side-effect
Microneedle Patch	PLLA, whitening ingredients, colorant	Anti-wrinkle, Anti-spot, SMP	Cosmetic	Unique molding manufacture Needle sharp, Strong base, Larger microneedle volume
Sterilized Aesthetic Mask	Patented Sachitin, CICA	Wound healing / post-procedure care	Cosmetic	Replace ice packs Sterile validated facial mask
BDS healing spray	Patented Sachitin, CICA	Wound healing / post-procedure care	Cosmetic	Replace Cholesterol & Antibiotics Anti-inflammation

Featured Products

Lidopin®: Tawain Market share No.1. Topical anesthetic cream with 2.5% lidocaine + 2.5% prilocaine. **Enhanced penetration compared with EMLA, helping block pain receptors more effectively.**

- **Technology 1:** Eutectic mixture improves uniform dissolution and supports effective pain relief.
- **Technology 2:** Castor oil-containing base enhances penetration through the skin's oil-water layers.
- **Technology 3:** Submicron emulsion technology (approx. 280 nm) supports fast onset and sustained effect.

PxoBang® Premium: Exosome + PRP freeze-dried powder 300 mg/bottle + 9D HA for professional aesthetic applications.

- **Clinical Evidence:** Increase Elastin & Collagen I,III & wound healing
- **Upgrade vs. Original:** 36% more active ingredients and 50% more exosomes than the original formula.
- **Key Strength:** Room-temperature 3 years stability enabled by patented DoubleUM™ bioactivity protection technology.
- **Quality Focus:** Dual sterilization and multiple safety / efficacy tests for professional market positioning.
