PHILOSOPHY

At **The Bare Skin Company**, we bridge the gap between advanced dermatological research and your skin's natural biology. While traditional skincare often **relies on aggressive agents** that disrupt the stratum corneum and trigger inflammatory cascades, our philosophy focuses on acting synergistically with your endogenous cellular pathways.

Formulated by **clinical experts**, our biomimetic molecular complexes utilize advanced delivery systems for optimal transdermal penetration. Instead of overriding your skin's biology, we use clinically validated concentrations to modulate cellular turnover, support the **natural moisturizing factor** (NMF), and neutralize **reactive oxygen species** (ROS) before they cause cellular degradation.

This targeted intervention **optimizes epidermal homeostasis** while fiercely protecting your delicate lipid barrier. By reinforcing the **complex matrix of ceramides, cholesterol, and fatty acids**, we ensure your skin's **microbiome** and acid mantle remain structurally resilient and biologically optimized from the basal lamina to the surface.

**PEPTIDES &
BARRIER
REPAIR
COLLECTION**

PEPTIDES & BARRIER REPAIR COLLECTION

01

Triple Peptides & Probiotic Cream

Triple Peptides & Probiotic Cream infuses skin with deep, restorative hydration while promoting a fresh, youthful glow—without clogging pores or causing breakouts.

Designed for sensitive and acne-prone skin, this ultra-nourishing formula combines Triple Peptides, probiotics, and 2% amino acids to help boost collagen and extracellular matrix synthesis, soothe irritation, and support a healthy, balanced microbiota. The result: clearer, stronger, and visibly more resilient skin.

ACNE
TREATMENT
COLLECTION

ACNE TREATMENT COLLECTION

02

10% Colloidal Sulfur Cream

Soothe and clarify troubled skin with 10% Colloidal Sulfur Cream—a gentle yet powerful solution crafted for sensitive, acne-prone skin. Formulated to calm breakouts without irritation, this advanced treatment harnesses the antibacterial, anti-inflammatory, and keratolytic (exfoliating) benefits of colloidal sulfur. Unlike harsher ingredients such as benzoyl peroxide, it purifies and refines the complexion while preserving the skin's natural barrier—ideal for those seeking calm, clear, and comfortable skin.

**THE BARE SKIN
COMPANY**

ACNE TREATMENT COLLECTION

02

Exfoliate + Sebum Control Serum

Target breakouts at their source with Exfoliate + Sebum Control Serum—a potent yet soothing blend of 2% Salicylic Acid and 1% Zinc that works to unclog pores, balance oil production, and reduce inflammation.

This lightweight, fast-absorbing formula is specially crafted for oily and acne-prone skin, delivering effective exfoliation and visible clarity without dryness or irritation.

**THE BARE SKIN
COMPANY**

ACNE TREATMENT COLLECTION

02

AHA/BHA Dual Serum

Reveal your most luminous skin with HA/BHA Dual Serum—an intensive exfoliating treatment powered by 30% AHA and 2% BHA. This professional-strength formula accelerates skin renewal, clears congestion deep within pores, and refines texture for a visibly smoother, more radiant complexion. Perfect for experienced users, it delivers maximum exfoliation benefits for transformative results.

**NIGHT
TREATMENT
COLLECTION**

NIGHT TREATMENT COLLECTION

03

Micro Peel Night Serum

Wake up to visibly smoother, refined skin with Micro Peel Night Serum—a gentle overnight exfoliating treatment specially formulated for sensitive and acne-prone skin. Powered by 1.25% Sodium Lactate, 1.18% Maltodextrin, and mild AHAs, this innovative serum enhances overnight cellular renewal to deliver a soft micro-peel effect—without the irritation of stronger acids. Perfect for beginners or anyone seeking calm, radiant skin with a refreshed texture.

**THE BARE SKIN
COMPANY**

NIGHT TREATMENT COLLECTION

03

Squalane Night Cream

Rebuild and renew your skin overnight with Squalane Night Cream—a silky, non-greasy formula crafted for sensitive and acne-prone skin. Infused with 3% Squalane, 3% Niacinamide, and 2.5% 3-O-Ethyl Ascorbic Acid (a stable form of Vitamin C), this nourishing cream strengthens the skin barrier, boosts brightness, and supports nighttime cellular repair—all without clogging pores or causing irritation. Wake up to smoother, more radiant, and balanced skin.

**BRIGHTENING &
HYPERPIGMENTATION
COLLECTION**

BRIGHTENING & HYPERPIGMENTATION COLLECTION

Exfoliating Brightening Scrub

Refine skin texture and diminish post-acne marks with Exfoliating Brightening Scrub—a gentle physical exfoliant that promotes effective dead cell removal, enhances absorption of active ingredients, and boosts cellular-level radiance. Carefully formulated for sensitive and acne-prone skin, it reveals a smoother, brighter complexion when used as directed.

**THE BARE SKIN
COMPANY**

BRIGHTENING & HYPERPIGMENTATION COLLECTION

Brightening SPF 30+ Cream

Brighten, protect, and prevent discoloration with Brightening SPF 30+ Cream —a multitasking daytime moisturizer that fuses advanced botanical brightening actives with broad-spectrum UV protection. Lightweight and non-greasy, this formula is specifically designed for sensitive and acne-prone skin prone to post-inflammatory hyperpigmentation (PIH) and uneven tone, helping reveal a clearer, more luminous complexion with daily use.

**THE BARE SKIN
COMPANY**

BRIGHTENING & HYPERPIGMENTATION COLLECTION

Hyperpigmentation Serum

Fade stubborn hyperpigmentation and post-acne marks with Hyperpigmentation Serum—a targeted treatment featuring four clinically proven brightening actives that address excess pigment formation across multiple pathways. Lightweight and fast-absorbing, this advanced formula delivers visible clarity and luminosity while remaining gentle enough for sensitive and acne-prone skin.

**THE BARE SKIN
COMPANY**

BRIGHTENING & HYPERPIGMENTATION COLLECTION

Hyperpigmentation Cream

Target hyperpigmentation while you sleep with Hyperpigmentation Cream —a concentrated nightly treatment powered by 2% Undecylenoyl Phenylalanine and 2% Alpha-Arbutin to help regulate melanocyte activity and inhibit excess melanin synthesis. Rich yet non-comedogenic, this formula is specially crafted for sensitive and acne-prone skin dealing with stubborn dark spots and uneven tone, promoting a visibly clearer, more even complexion overnight.

**THE BARE SKIN
COMPANY**

BRIGHTENING & HYPERPIGMENTATION COLLECTION

Overloaded C Serum

Experience maximum-strength brightening with Overloaded C Serum

—a powerful treatment formulated with 30% 3-O-Ethyl Ascorbic Acid (a stable form of Vitamin C), 5% Niacinamide, and 0.024% Hydrolyzed Brassica Napus Seedcake Extract.

This advanced serum targets stubborn hyperpigmentation, enhances radiance, and defends against oxidative stress for a visibly brighter, more even complexion. Despite its high concentration, the formula remains gentle enough for sensitive and acne-prone skin.

HYDRATION
COLLECTION**

BARRIER REPAIR & HYDRATION COLLECTION

05

Multi-Layer Hyaluronic Serum

Deliver deep, multi-layer hydration with Multi-Layer Hyaluronic Serum—a gentle, non-comedogenic formula crafted for sensitive and acne-prone skin. This lightweight treatment combines multiple molecular weights of Hyaluronic Acid with 5% Witch Hazel and 3% Niacinamide to replenish moisture, calm irritation, and reinforce the skin's barrier. It provides intense, lasting hydration without adding oil or clogging pores, leaving skin soft, supple, and perfectly balanced.

**THE BARE SKIN
COMPANY**

BARRIER REPAIR & HYDRATION COLLECTION

05

Panthenol + Vitamin E Cream

Soothe, strengthen, and protect compromised skin with Panthenol + Vitamin E Cream—a gentle yet effective barrier-repair treatment designed for sensitive, irritated, and acne-prone skin. Infused with 5% Panthenol and 2.5% Vitamin E, this calming formula helps restore barrier integrity, reduce inflammation, and deliver antioxidant protection—all without clogging pores. Skin feels comforted, resilient, and visibly healthier.

COLLECTION**

REDNESS & ROSACEA COLLECTION

06

Redness Serum

Calm visible redness and reinforce delicate skin with Redness Serum—a targeted formula blending 3% 3-O-Ethyl Ascorbic Acid (a stable form of Vitamin C), 1.92% Eruca Sativa Extract, and 1% Squalane. Designed to stabilize fragile capillaries, reduce redness, and enhance barrier hydration, this gentle serum is ideal for sensitive, rosacea-prone, and reactive skin types seeking calm, comfort, and resilience.

**THE BARE SKIN
COMPANY**

REDNESS & ROSACEA COLLECTION

06

Redness Cream

Control visible redness and restore skin strength with Redness Cream—an intensive treatment developed for rosacea-prone and highly sensitive skin. Featuring 0.1% HPA, 0.05% Tasmannia Extract, 0.036% Mg-Beta-Glucan, and 0.1% Madecassoside, this rich yet non-comedogenic formula helps calm inflammation, reduce flushing, and reinforce the skin's protective barrier. Skin feels soothed, balanced, and visibly more resilient.
