The Jhaver Group

The Beginning of a Legacy

The Jhaver Group began its journey in 1894 by acquiring Oakley Bowden, marking the inception of its legacy.

Built into a Global Force

Driving global growth as a **USD 400M conglomerate** with a people-first culture and leadership in pharmaceuticals, agrochemicals, information technology, real estate, and infrastructure.

Vision & Mission

Vision

To be a leading company in the manufacturing and selling world class quality pharmaceuticals globally.

“We’re committed to delivering products and services of outstanding value through innovation, professionalism, and customer-centric.”

Kapil Jhaver, Managing Director

Mission

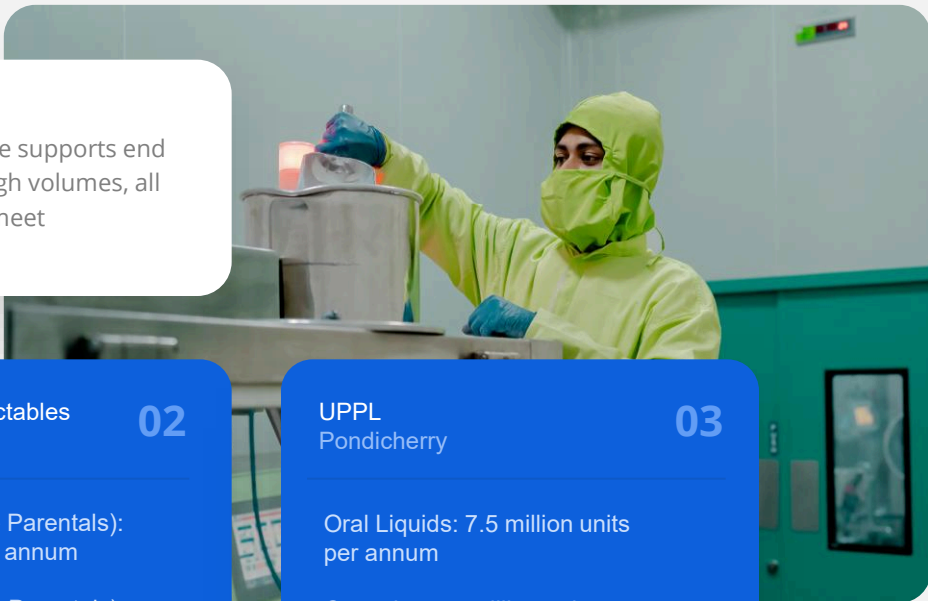

To provide distinctive quality products and services that improve lives and satisfy customer needs. By building and maintaining strong relationships with key stake holders, TIL identify opportunities to differentiate the company from our competitors.

Infrastructure That **Delivers**

Integrated, Scalable, and Compliant

TIL Healthcare's advanced manufacturing infrastructure supports end to end production from formulation to packaging at high volumes, all within GMP certified globally audited facilities built to meet international regulatory standards.
