

We are at the heart
of Sanofi's mission,
being a health journey
partner

Fully committed to address your success

Sanofi Active Ingredient Solutions' CDMO offers a **comprehensive range of solutions and services, from clinical development to commercial manufacturing**, for small molecules and biologics.

Our philosophy is to **deliver value to our customers**:

- speed-up access to market, leveraging our corporate experience and quality,
- submission readiness,
- continuous process- and cost-improvement,
- project management and governance,
- customer-centricity.

Our ambition: To be recognized as **an extension of your internal resources and network**. It is also be considered as **your preferred partner**.

For our team, CDMO also means Customer-centric, Dynamic, Multi-cultural, Open-minded. Four words focusing on our objective: to offer you **tailor-made solutions to support your activity**.

At our Development and Manufacturing Campus based in Újpest, near Budapest in Hungary, this is what we do. Every day.

4
fields of expertise

BIOTECHNOLOGY
OLIGOSACCHARIDES
FERMENTATION
COMPLEX MULTISTEP ORGANIC SYNTHESIS

*4 reasons
to start a journey
with us*

RELIABILITY OF A GLOBAL LEADER IN BIOPHARMACY
HIGH QUALITY
BUSINESS CONTINUITY
PREMIUM CUSTOMER SERVICE

BIOTECHNOLOGY

30-YEAR EXPERIENCE
IN EXTRACTION AND PURIFICATION
OF THERAPEUTIC PROTEINS

- A center of excellence
- A dedicated QC/QA lab on-site

OLIGOSACCHARIDES

FROM LINEAR OLIGOSACCHARIDES
TO BRANCHED AND CONJUGATES

- Critical expertise in analytical data to ensure purity and quality
- Robust supply chain

FERMENTATION

STRONG AND PROVEN EXPERTISE
IN FERMENTATION
(NUTRACEUTICALS, VITAMINS, PROBIOTICS, ETC.)

- A center of excellence
- Large-volume fermentation technologies

COMPLEX MULTISTEP ORGANIC SYNTHESIS

LONG TRADITION IN ORGANIC CHEMISTRY
WITH A SPECIFIC BACKGROUND
IN COMPLEX AND LONG SYNTHESIS

- Convergent multistep (>20) synthesis (4-5 steps per block)
- From early phase to validation campaign

Our motto: enjoy your journey with us
