TRAUMATOLOGY

TrH HYALURONIC ACID INTRA-ARTICULAR INJECTIONS

Lineal and cross-linked high quality hyaluronic acid intra articular (IA) injectables for osteoarthritis. The TrH range are **long-lasting** with **innovative degradable resistant proprietary technology**.

TrHLINE
Sodium hyaluronate
viscosupplement
Triple dose injectable.

TrHCROSS
Cross-linked sodium
hyaluronate
viscosupplement
**Single dose long-lasting
injectable with own
developed technology.**

A novel method of hyaluronic acid (HA) crosslinking that provides unique results thanks to its highly homogeneous crosslinking process. ^{[1] [2]}
Proprietary combination of low and high molecular weight hyaluronic acid, resulting in a polymeric matrix with a low level of modification. ^[3]

**Slows down HA
degradation**

**High viscosity and
elastic modulus**

**Greater control of
the clinical effect**

**Increased crosslinking
efficiency**

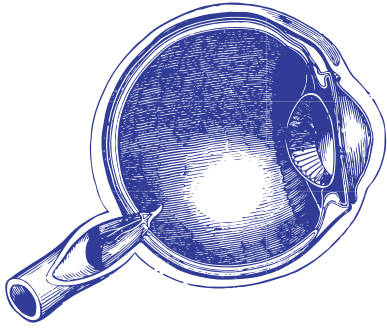

**Greater elasticity
and resistance**

**More
biocompatibility**

2. J. A. Burdick and G. D. Prestwich, "Hyaluronic Acid Hydrogels for Biomedical Applications," Advanced Healthcare Materials, vol. 23, pp. 41-56, 2011.

3. Andrade del Olmo, J., Sáez Martínez, V. et al. Resistance to enzymatic degradation and efficacy evaluation of crosslinked hyaluronic acid based commercial viscosupplements for knee osteoarthritis treatment. Carbohydrate Polym. Technol. Appl., 2023 (Submitted).

OPHTHALMOLOGY

OpH OPTHALMIC VISCOSURGICAL DEVICES

Lineal high quality hyaluronic acid ophthalmic viscosurgical devices (OVD) cohesive and dispersive injectables. **Optimal for all cataract-related surgical procedures.**

OpHLINE

Sodium hyaluronate, viscoelastic solution

Recommended for use in **capsulorhexis and intra-ocular lens implantation** with optimal space maintenance during cataract surgery.

1.4%

PROTECTION

Specifically designed to ensure **maximum protection of the corneal endothelium.** Offers smooth injectability and ensures complete removal at the end of surgery.

2.0%

VERSATILE

The ideal OVD offering **versatile performance by combining effective endothelial with reliable anterior chamber space maintenance.** Ensures excellent visualization of the surgical field.

3.0%

SPACE

With superior viscosity, it ensures **maximum space maintenance in the anterior chamber and consistent stability** throughout the procedure.

DayDrop Triple Action

Eye drops indicated to relieve eye irritation and dryness, providing hydration, lubrication and protection.

Ectoine sustained release technology:

12-hour sustained release technology of ectoine, HA and CMC for long-lasting relief.

DayDrop Advanced

Next-generation eye drops with HA + γ -PGA for deep, instant hydration and long-lasting relief from dry eye symptoms.

Innovative HA + γ -PGA technology:

This unique combination enhances ocular hydration by inhibiting hyaluronidase activity, protecting HA from degradation and extending its moisturizing effect.

DayLid Cleanser

Advanced formula with encapsulated ectoine and tea tree oil for daily eye hygiene. Effectively and gently cleans sensitive eyelids, removing secretions, crusts, and residues from the eyelid margin. Provides hydration, soothing comfort, and protection against external factors.

ECTOINE

TEA TREE OIL

Suitable for cases of blepharitis, Meibomian Gland Dysfunction (MGD), dry eye, or for contact lens and eye makeup users.

AESTHETICS

BtH HYALURONIC ACID DERMAL FILLERS

High-quality linear and cross-linked hyaluronic acid dermal fillers with low endotoxin levels ideal for a **complete coverage of facial restoration**.

BtHLINE

Sodium hyaluronate, viscoelastic solution

HYDRA BLUE

1.4%

Skinbooster for biorevitalization, rehydration and restoring skin radiance.

SMOOTH FUCSIA

1.5%

Fine line corrections and deep rehydration.

BtHCROSS

Cross-linked hydrogel, sodium hyaluronate

INTENSE ORANGE

1.75%

Restore facial volume and fill in wrinkles and folds.

VOLUME GREEN

2.0%

Restore facial volumes with lasting results.

BtH HYALURONIC ACID CORPORAL FILLERS

Hyaluronic acid **body contouring** treatments designed to **restore and enhance natural curves.**

BtHINTIMATE
Cross-linked hydrogel,
sodium hyaluronate

AMETHYST PURPLE

NEW

2.0%

For the female genital region to enhance fullness and improve overall wellness and comfort.

BtHBODY
Cross-linked and
linear hydrogel (bifasic),
sodium hyaluronate

SOMA GOLD

NEW

2.2%

Designed to increase, lift, tone, firm, restore and enhance natural curves.

MESO
THERAPY

MESO THERAPY Cocktails

NEW

Complete line of mesotherapy cocktails designed to improve the appearance and health of the skin while reducing visible signs of ageing.

With exosome encapsulation technology to enhance active ingredient penetration.

TrH COMPLEMENTS FOR TRAUMATOLOGY

Collagen-based nutraceuticals and soothing creams provide a holistic and advantageous approach for **improving overall joint health**.

TrHPLUS

Optimal nutraceutical blend of hydrolyzed collagen, glucosamine, chondroitin, MSM, and Vitamin C provides a **daily solution for joint care needs**.

TrHCREAM

Soothing cream with **sustained release of DDS-Diosmin** for local skin relief for joints, muscles discomfort.

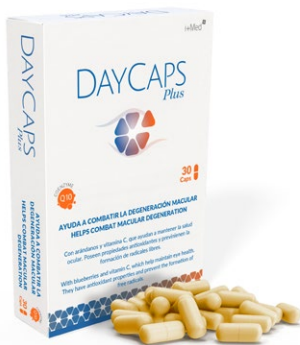

TrHPHYTO

CBD-based cream for **sensitive skin with anti-irritant and soothing properties** for relief aiding recovery from joint and muscle discomfort.

DayCapsPlus

AGE RELATED MACULAR DEGENERATION PROTECTION

COENZYME Q10

Vitamin C

Blueberries

Formula based on antioxidants (lutein, zeaxanthin, vit C), blueberries, DHA, vitamins, minerals and zinc created to improve eye health, in particular **to treat conditions related to age-related macular degeneration (AMD)**.

BtHPLUS

COMBAT THE SIGNS OF AGING

Hyaluronic Acid

Marine collagen

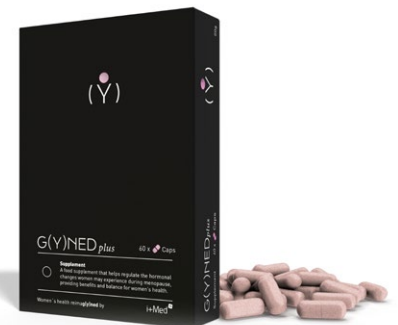

Coenzyme Q10

A dietary supplement with marine collagen, HA, CoQ10, vitamins, and minerals, **designed to improve skin health** by targeting dehydration, reduced firmness, wrinkles, and cellular oxidation.

G(Y)NEDplus

WELL-BEING THROUGH HORMONAL CHANGES

Ashwagandha

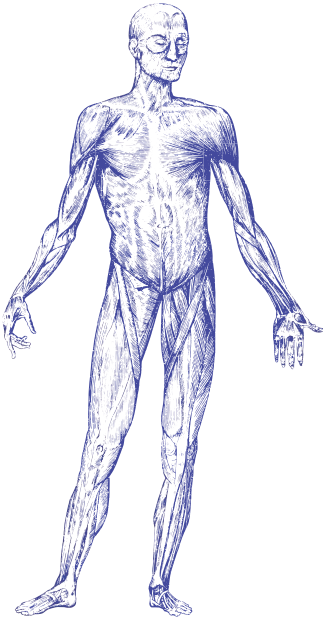

Sage guard

Soy Isoflavones

Dietary supplement with a combination of natural plant extracts (Ashwagandha), vitamins and minerals that helps prevent and **improve the symptoms of perimenopause, menopause or medical treatments** that affect the area.

REGENERATIVE MEDICINE

PRPKiT PLATELET-RICH PLASMA

Complete kit for the preparation of platelet-rich plasma (PRP), a fraction of blood plasma with a platelet concentration up to five times higher than baseline. Designed to improve clinical outcomes, stimulate tissue repair and accelerate healing.

Fully equipped, sterile system that provides up to 4 mL of PRP per procedure with a reproducible platelet concentration, thanks to a built-in resuspension step.

X5 PLATELET
LEVELS

Optimal regenerative potential through the release of growth factors.

Certified medical device, Class IIb, manufactured under ISO standards.

NEW

DERMATOLOGY

PROFILM MOUTH ULCERS & COLD SORES

Natural formulation based on tea tree oil extract, propolis extract and vitamin C that forms a **protective, flexible and discreet physical barrier** that adapts to the shape of the skin.

TEA TREE EXTRACT

PROPOLIS

VITAMIN C

PROFILM MOUTH ULCERS

Indicated to relieve the symptoms of mouth ulcers and aftae.

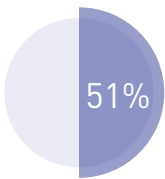

PROFILM COLD SORES / HERPES

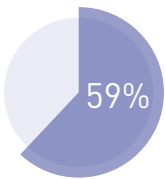

Recommended for the prevention, reduction of healing time and pain relief.

REVODIOL CREAMS FOR ATOPIC SKIN

Designed with care, our CBD-based formulation **soothes and restores atopic skin**, trusted by dermatologists for **lasting relief**. Gentle yet powerful, it nurtures your skin's natural balance.

51% reduction in dermatitis symptoms

59% average reduction in itching/pain

Clinically proven results in adults and infants (+ 3 months) with atopic-prone skin.

3% CBD

REVODIOL CALMING CREAM

Soothes **flare-ups**, providing **immediate** and **long-lasting relief** for the main symptoms of atopic-prone skin.

2% CBD

REVODIOL CALMING LOTION

Light, fast-absorbing lotion for **daily care** that **soothes dryness** and **maintains the balance** of the most sensitive skin.

Hz HYPERSENSITIVE SKINCARE PRODUCTS

Hz formulations are carefully designed for the effective **management of hypersensitive skins** addressing their specific skincare needs. Specially designed for oncology or immunosuppressed patients.

CORTICOID-LIKE

Hz corticoid-like formulations offer individuals with hyper sensitivity skin aa solution to manage and improve their skin's overall health.

Hz CLEANER

Detergent-free oil-based cleansing toner for patients with highly sensitive.

Hz CREAM

Barrier cream based on **ceramides** and lysophosphatidic acid for patients with high skin sensitivity who are undergoing reactive skin disorders.

WOMEN'S HEALTH

G(Y)NED GYNECOLOGICALLY TESTED WOMEN'S HEALTH LINE

Gynecologically tested women's health line based on 24-hour sustained release that helps the epidermal barrier, depigmentation and improves inflammatory processes in the genital area. Its prolonged use **restores the balance of the natural microbiota** and **regenerates the intimate tissue**.

GYNED LUBRICANT

Cremigel that provides a more hydrated skin and helps to **improve the epidermal barrier** with the ability to reduce inflammation.

GYNED DEPIGMENTANT

A 24-hour controlled-release cream with a depigmenting effect: it evens skin tone, **prevents the appearance of blemishes** and **attenuates dyschromic imperfections**. Moisturizes and helps inflammatory processes.

Calming
action

Protects the
microbiota

Recommended by
dermatologists and
gynecologists

onak

ORAL HEALTH

ONAK SOLID TOOTHPASTE

Natural **revolutionary tablet formulation** refreshing and responsible. Endorsed by oral hygiene specialists and dentist for its superior gentle deep-cleansing action.

NEW ACCESSORIES

ONAK DENTAL FLOSS

Ultra-fine, strong and elastic dental floss that glides between teeth and gums, effectively removing plaque that brushing cannot reach.

ONAK TOOTHBRUSH 6K

Toothbrush with over 6,000 ultra-soft bristles that reach difficult areas, remove more plaque than a conventional toothbrush.

Sibari Republic

SCIENCE & COSMETICS

Sibari Republic is a revolutionary anti-aging skincare that combines scientific innovation with luxurious indulgence. Premium formulations that offer a complete range of solutions with clinically proven results.

Cutting-edge & independent science

Clinically tested efficacy

Exclusive precision formulas

In-house production and absolute control

Our collections

Origin Collection

An exquisite anti-wrinkle formula with multi-weight hyaluronic acid, provides long-lasting hydration and visible wrinkle reduction in 4 weeks.

Collagen Collection

Exclusive technology replenishes, stimulates, and protects collagen preserving firmness and delaying visible aging.

Sun Care Collection

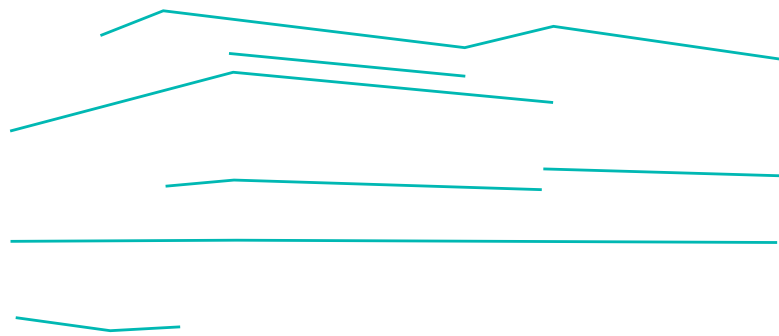

Advanced broad-spectrum protection enriched with powerful actives that help restore the skin's microbiome, promoting healthier, more resilient skin.

Anti-imperfections Collection

A dual-action treatment that deeply hydrates, clears blemishes, and restores radiance for balanced, glowing skin.
