

VitaPharm[®]

In harmony with nature

About Us

Vitapharm-Com is a Moldovan manufacturing company with over 20 years of experience in producing high-quality dietary supplements in compliance with European standards.

Innovation & Research

Continuous Research and Development

Advanced research for innovation and excellence.

Rigorous testing for safety, efficacy, and bioavailability.

Modern technologies to preserve the active properties of natural ingredients.

Opening of manufacturing facility of “Vitapharm-Com” SRL in southern Moldova, the city of Comrat.

2003

Since the release of the first medical products, including HEMOGLOBIN PLUS syrup back in 2003, which for many years is the business card of the company in the field of hematology (CUTIA HEMOGLOBIN PLUS), Vitapharm-Com has become the biggest manufacturer of food supplements in Moldova.

Opening of the representation in the Republic of Moldova.

2005

Opening of the Vitapharm Consulting Center.

2011

in the Vitapharm Consulting Center everyone can receive a free consultation on products and purchase products at the manufacturer’s prices with discounts.

Development of company’s website, Facebook and Instagram pages.

2012

There we promote all company’s products. Also on the website *vitapharm.md* our customers can order products with free delivery throughout the country.

The beginning of the expansion of the product line of food supplements and development of unique formulations.

2013

First export of products to Azerbaijan, Georgia, Turkmenistan, Romania.

2014

The company obtains the certificate of conformity of the international standard ISO 9001:

2016

The beginning of construction of a new factory with manufacturing capacity of 3000 bottles per hour; modernization of packaging, company website; expanding export links.

2020

Launch of a new production factory

2023

Our History

Our Team

Our team brings together experts in pharmaceuticals, production, management, marketing, and logistics who are dedicated to delivering effective, premium-grade health solutions. Driven by our core values—Quality, Innovation, Teamwork, and Development—we have established ourselves as the most dynamic local manufacturer in the pharmaceutical and supplement sector.

Our Mission

Our mission is to improve the quality of people's lives, offering them natural, harmless, effective products with a unique composition.

People's health is the priority of Vitapharm-Com. Every day, we offer people effective and efficient herbal remedies. We are able to do this because, over the years, we have learned from tradition and discovered through science. We want to do this so that humanity does not forget its beneficial and ancestral connection with plants.

For manufacturing our products, we use natural resources and high-quality raw materials from the world's largest manufacturers. As a result, Vitapharm-Com is the leader in manufacturing food supplements in Moldova.

Our Values

QUALITY, INNOVATION, TEAMWORK and DEVELOPMENT are the values that have ensured our success and have transformed us into the most dynamic local manufacturer from the pharmaceutical field.

VITAPHARM is customer-focused & quality driven.

QUALITY INGREDIENTS

Our supply team sources raw materials & ingredients across the globe with the sole goal to create the highest quality supplements.

RESEARCH & DEVELOPMENT

„VITAPHARM,, represents a team of experienced professionals with 30+ years of product development and are focused on creating your precise formulae.

EXPERIENCED STAFF

With close to 20+ years of collective experience in supplement manufacturing, our experienced staff will help you through every step of the ordering process, from initial contact to delivery.

Neurology

STRESONORM FORTE capsules №60

Active ingredients / capsule "Day":

Withania somnifera radix extract L. radix extract - 200 mg; Hypericum perforatum L., herba Extract - 45 mg.

Active ingredients / capsule "Night":

Eschscholzia californica Cham., herba extract - 100 mg; Passiflora incarnata L., herba extract - 100 mg; Melatonin - 5 mg.

Indication for use:

- To eliminate the depressive state of mild to moderate severity.
- To eliminate increased mental tension and irritability.
- To eliminate the feelings of fear, worry, anxiety and agitation.
- To normalize cardiac rhythm, disordered, due to the anxiety state or other nervous disorders.
- To maintain emotional equilibrium.
- To eliminate sleep disorders, as well as to improve the quality of sleep and increase its duration.

STRESONORM capsules №60

Active ingredients / capsule "Day":

Hypericum perforatum L., herba Extract - 40 mg; Leonurus cardiaca L., herba Extract - 40 mg; Mentha x piperita L., folium - 20 mg; Rutin - 8 mg; Vitamin B₆ - 2 mg; Vitamin B₁ - 1.5mg.

Active ingredients / capsule "Night":

Eschscholzia californica Cham., herba extract - 100 mg; Passiflora incarnata L., herba extract - 100 mg; Rutin - 5 mg.

Indication for use:

- Mental overload;
- Prolonged physical and emotional overload;
- Neurasthenia, increased irascibility, feeling of anxiety and fear which lack a clear cause;
- Disorders of memory and concentration, emotional overload;
- Insomnia, migraine and headache caused by psychological factors;
- Supplemental remedy in dysmenorrhea and climacteric syndrome.

PERSEVIT FORTE capsules №30

Active ingredients / capsule:

Valerian root extract - 125 mg; Lemon balm leaf extract - 50 mg; Hops cone extract - 25 mg.

Indication for use:

- Mild forms of neurasthenia and neurosis accompanied by irritability, anxiety, nervous excitability, tension caused by stress, fatigue, decreased concentration and memory, mental exhaustion.
- Mild (temporary) forms of sleep disorders (difficulty falling asleep, low quality of sleep, insomnia) caused by nervous hyperexcitability.
- Headaches and migraines caused by mental exhaustion.
- Chronic mental tension.
- Mild forms of dysmenorrhea and climacteric syndrome.

Neurology

PANTOTEN capsules №30

Active ingredient / capsule:

Gamma Aminobutyric Acid - 100 mg

Indication for use:

- Decrease in excessive nervous excitement and following prevention of consequences (convulsions, tics).
- Facilitate syndrome symptoms of attention deficit and hyperactivity.
- Improving the psychoemotional state and reducing stress, anxiety (fear, panic states), depression and various forms of phobias.
- Mental calm and relaxation, conducive to sleep.
- Stimulation of cognitive functions (memory, concentration, attention, thinking productivity).
- Increased brain resistance to hypoxia and toxic agents.
- Reduce the effects of traumatic brain injury, neuroinfection, post-vaccination encephalitis.
- Regeneration of atrophied muscle mass.

PANTOTEN FORTE capsules №30

Active ingredient / capsule:

Gamma Aminobutyric Acid - 200 mg

PANTOTEN solution 100 mL

Active ingredient / 1 mL:

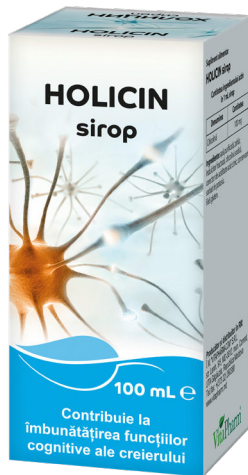

Gamma Aminobutyric Acid - 40 mg

Neurology

HOLICIN syrup 100 mL

Active ingredient / 1 mL syrup:
Citicoline -100 mg

Indication for use:

- To reduce the consequences of perinatal hypoxic-ischemic damage of the CNS (developmental retardation, cognitive impairment, risk of developing infantile cerebral palsy, congenital anomalies).
- Ensure progressive development of motor skills and emotional sphere in premature infants.
- Decrease recovery period after craniocerebral trauma and neurosurgery.
- Decrease irritability syndrome in children;
- In complex treatment of epilepsy.
- Improve memory, increase concentration, adaptation to intellectual efforts.

HOLICIN capsules №40

Active ingredient /capsule:
Citicoline - 500 mg

Indication for use:

- To decrease the recovery terms after ischemic and haemorrhagic strokes, traumatic brain injuries;
- To eliminate the symptoms of chronic hypoxia, mostly in office people.
- Maintenance and partial recovery of memory disorders in elderly patients with brain dysfunction of vascular and/or degenerative genesis.
- In complex treatment of Parkinson disease, Alzheimer's disease, migraine, chronic fatigue syndrome.
- To improve memory, increase concentration, adaptation to intellectual efforts.

NEUROLECIT capsule №60

Active ingredient /capsule:
Lecithin - 250 mg

Indication for use:

- Nervous system diseases: neurosis, chronic fatigue, nervous tics, stress, memory impairment.
- It is recommended in children with developmental delay or increased excitability. As it improves attention, it can be administered in physical or nervous overload.
- Cardiovascular diseases: ischemic disease, angina pectoris, hypertension, atherosclerosis.
- Liver disease: acute and chronic hepatitis, cholecystitis.
- Gastrointestinal tract disease: gastritis, bile duct dyskinesia.
- Pregnant and nursing women.

Neurology

NEUROTICAN COMPLEX capsules №30

Active ingredients /capsule:

Uridine 5' - monophosphas - 120 mg; Citidine 5' - monophosphas - 100 mg; Folic acid - 400 mcg; Vitamin B₁₂ - 3 mcg; Vitamin B₁ - 2 mg; Vitamin B₆ - 4 mg.

Indication for use:

- Neuropathies due to diseases of the musculoskeletal system (radiculitis, lumboschialgia).
- Neuropathy of metabolic etiology (diabetic, alcoholic).
- Infectious etiology neuropathies (shingles).
- Neuropathy of trigeminal and facial nerves (facial paresis).
- Intercostal neuralgia, vertebrogenic pain syndrome.

NEUROTICAN capsules №30

Active ingredients / capsule:

Uridine 5' - monophosphas - 100 mg; Folic acid - 50 mcg; Vitamin B₁₂ - 0,75 mcg.

Indication for use:

- Neuropathies due to diseases of the musculoskeletal system (radiculitis, lumboschialgia).
- Neuropathy of metabolic etiology (diabetic, alcoholic).
- Infectious etiology neuropathies (shingles).
- Neuropathy of trigeminal and facial nerves (facial paresis).
- Intercostal neuralgia, vertebrogenic pain syndrome.

MEMORIVIT PLUS capsules №60

Active ingredients / capsule:

Glycine - 100 mg; Ginkgonis folii extractum (Ginkgo biloba)- 40 mg, Vitamin B₆ -1 mg .

Indication for use:

- To improve cognitive functions (attention, memory, speech, concentration, thinking, etc.).
- For better adaptation to stress-genetic situations, with psycho-emotional stress, high mental stress.
- Peripheral circulation and microcirculation disorders, that leads to increased excitability, emotional instability, decreased intellectual capacity, and sleep disturbance.
- Disorders associated with impaired cerebral circulation caused by ischemic brain strokes or traumatic brain injuries.

Neurology

MAGNILON syrup 100 mL

Active ingredients / 5 mL of syrup:

Magnesium - 100 mg; Pantothenic acid - 1 mg;
Vitamin B₂ - 0,5 mg; Vitamin B₆ - 0,5 mg; Vitamin B₁₂ -
0,6 mcg; Vitamin B₁ - 0,4 mg.

MAGNILON FORTE capsules №30

Active ingredients /capsule:

Magnesium - 175 mg; Vitamin B₂ - 2
mg; Vitamina B₉ - 100 mcg; Vitamin B₆ - 1 mg;
Vitamin B₁₂ - 1,25 mcg; Vitamin B₁ - 2 mg.

NOVOMAG syrup 100 mL

Active ingredients / 15 mL of syrup:

Magnesium - 300 mg;

NOVOMAG capsules №30

Active ingredients /capsule:

Magnesium - 375 mg;
(Magnesium bisglycinate - 1250 mg).

Indication for use:

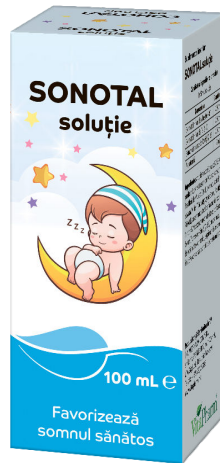

- To eliminate the following types of dysfunctions caused by magnesium deficiency:
 - neurological (vegetative dysfunctions, low capacity to concentration, chronic fatigue, irritability, nervous tension, depression, vertigo);
 - neuromuscular (muscle cramps, tremor, nervous tics (involuntary movements of the eyelid, cheek or corner of the mouth; blinking, contraction of facial muscles), paraesthesia);
 - cardiovascular (angiospasm, hypertension, myocardial dystrophy, arrhythmias prophylaxis occurring after heart surgery);
 - pathological pregnancy (toxycosis, gestosis, risk of miscarriage or premature birth triggered by increased uterine tone).
- When the body has an increased need of magnesium and B-complex vitamins:
 - growing children, physical and mental overload, prolonged stress, pregnancy, lactation;
 - lengthy administration of laxatives, thiazide or loop diuretics;
 - diseases such as: diabetic ketoacidosis, chronic diarrhea, Crohn's disease, ulcerative colitis, hyperthyroidism, renal tubular acidosis;
 - treatment with medications that remove magnesium from the body (amphotericin B, cisplatin, cyclosporine, gentamicin, digitalis containing medication).

Neurology

SONOTAL solution 100 mL

Active ingredients / 5 mL solution:

Chamomile flower extract (4:1) -250 mg; Lime flower extract (4:1) -250 mg; Rosemary leaf extract (2-3:1) - 200 mg; Melatonin- 2 mg.

Indication for use:

- To remove sleep disturbances and achieve sedation;
- To prevent disturbances of biological rhythms (rapid time zone change during air travel, reversal of the sleep-wake cycle);
- For optimal physical and mental relaxation.

SONOTAL capsules №20

Active ingredients / capsule:

Lavender Flower Extract (10:1) - 200 mg;
5-Hydroxytryptophan (5-HTP) - 50 mg;
Melatonin - 2,5 mg; Vitamin B₆ - 1,4 mg;

KALMER solution 100 mL

Active ingredients / 5 mL solution:

Chamomile flower extract (4:1) - 250 mg;
Lemon balm leaf extract (2-3:1) - 200 mg;
Linden flower extract (4:1) - 180 mg;
Hawthorn leaf and flower extract (5:1) - 100 mg;
Passiflora herb extract (4-6:1) - 30 mg;
Lavender flower extract (10:1) - 30 mg.

Endocrinology

SELENKOR FORTE capsules №30

Active ingredients / capsule:

Selenium - 55 mcg; Vitamin C - 100 mg; Vitamin E - 15 mg; Zinc - 15 mg; Vitamin B₆ - 2 mg.

Indication for use:

- Prevent and supplement selenium, zinc and vitamin C, E, B₆ deficiency.
- Preserve the normal functioning of the immune system.
- reduce the recovery period from flu and colds;
- Increase the effectiveness of iodine preparations;
- Prevent thyroid diseases.
- Improve reproductive functions and spermatogenesis.
- Aid recovery after suffering from myocardial infarction, trauma, bone fractures and surgery.
- Help the body during and after chemotherapy and radiotherapy.
- Maintaining the health of the skin, hair and nails.

SELENVIT 100 capsules №30

Active ingredient / capsule:

Selenium - 100 mcg.

Indication for use:

- Supplementation of selenium deficiency.
- Protection of cells against oxidative stress.
- Support of normal immune system function.
- Maintenance of normal thyroid function.
- Enhancement of the efficacy of iodine preparations.
- Prevention of vision disorders in at-risk groups (patients with diabetes, genetic predisposition to cataracts or retinal degeneration).
- Improvement of quality of life and slowing the progression of Graves' orbitopathy.
- Prevention of cardiovascular diseases and diabetes mellitus.
- Prevention of joint disorders and osteochondrosis.
- Support of reproductive function and spermatogenesis.
- Maintenance of healthy skin, hair, and nails.

SELENVIT 200 capsules №30

Active ingredient / capsule:

Selenium - 200 mcg.

Endocrinology & Gynecology

LAMIVIT capsules №60

Active ingredient / capsule:
Laminaria japonica Aresch., thallus - 300 mg

Indication for use:

- Prevention and treatment of iodine deficiency.
- Prevention of endemic goitre, atherosclerosis.
- Hypotonic dyskinesia of the bowel.
- Hypercholesterolemia.
- As a laxative in chronic atonic constipation.
- In complex treatment of metabolic disorder.

PSILLVIT capsules №90

Active ingredient / capsule:
Plantago ovata (Psyllium) - 600 mg

PSYLLIVIT is taken for:

- normalizing bowel/colon function;
- restoring regular bowel movements;
- regulating bowel function and reducing bloating;
- creating a softer stool consistency for:
 - comfortable recovery during the postoperative period following procedures in the anorectal area;
 - reducing trauma and pain during defecation;
- improving digestive system function and normalizing body weight;
- maintaining normal insulin and blood glucose levels;
- reducing fat absorption;
- reducing blood cholesterol levels (as an adjunct to a low-fat diet);
- supporting normal heart and circulatory system function;
- supporting normal immune system function.

NORMOCLIM capsules №30

Active ingredient / capsule:
Beta-alanine - 400 mg

Indication for use:

- Vegetative disorders during menopause.
- To increase the resistance, strengthening effect eliminate headaches and dizziness.
- Balance psycho-emotional deviations.
- Increase work capacity (boost physical strength, lower fatigue and boost the endurance threshold, eliminate general fatigue and create a feeling of vigour).
- As a prophylaxis for the adaptation of the body in the premenopausal period.
- As a part of the complex treatment in hormone replacement therapy (to reduce the doses of hormonal medications).

Urology

ENERGOVIT⁺ capsules №60

Active ingredients / capsule:

Tribulus terrestris L., fructus extract - 250 mg; Muira puama (Ptychopetalum olacoides) extract - 100 mg; Zinc 1 mg; Lycopene - 0,5 mg.

Indication for use:

- Sexual disfunction.
- Decreased libido and potency.
- Spermatogenesis stimulation.
- Prostate adenoma prevention.
- Improving reproductive functions.
- In complex treatment of infertility and impotence.
- Frigidity and menstrual disorders removal during the preclimacteric and climacteric period.

ADENOLIN capsules №60

Active ingredients / capsule:

Pumpkin seed oil (Cucurbita pepo L., semen)- 300 mg; Sea Buckthorn fruit oil (Hippophaë rhamnoides L., fructus) - 100 mg.

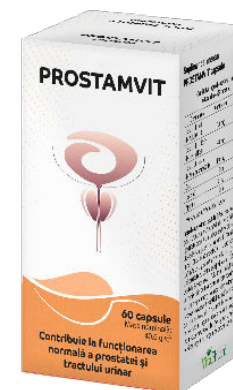

Indication for use:

- Urology:
- to supplement the complex treatment of stage I and stage II benign prostate hyperplasia;
 - to eliminate the manifestations of dysuria in prostate adenoma (painful, frequent and / or difficult urination, etc.);
 - prophylaxis of chronic prostatitis;
- Cardiology:
- to reduce cholesterol levels (type Ia and IIb hyperlipidemia, prophylaxis of atherosclerosis, ischemic coronary heart disease, myocardial infarction);
- Gastrology:
- to decrease gastric hyperacidity;
 - to regenerate the damaged liver tissue (hepatitis A, chronic hepatitis, toxic liver disease, fatty liver disease, liver cirrhosis).

PROSTAMVIT capsules №60

Active ingredients / 2 capsules:

Epilobium angustifolium/parviflorum extract (10:1) - 400 mg; Urtica dioica/urens extract (10:1) - 240 mg; Saw Palmetto extract (20:1) - 180 mg; Zinc - 10 mg; Lycopene - 6 mg; Piperine - 10 mg.

Indication for use:

- For the relief of condition in diseases of the prostate and urinary tract;
- For prophylaxis of prostate adenoma;
- For supplementing the complex treatment of benign prostatic hyperplasia stage I and II;
- For relief of symptoms of urinary disorders (nocturia, polyuria, dysuria/painful syndrome, urinary retention, etc.) in inflammation of the prostate (chronic prostatitis) or benign prostatic hyperplasia stage I - II.

Nephrology

CISTOFAN capsules №60

Active ingredients / capsule:

Orthosiphon stamineus Benth., folium extract - 200 mg;
Betula pendula Roth., folium extract - 75 mg; Parsley
leaf extract (Petroselinum folium) - 25 mg; Cowberry leaf
extract (Vaccinium vitis-idaea folium) - 10 mg.

CISTOFAN solution 100 mL

Active ingredients / capsule:

American cranberry fruit extract (4-6:1) - 900 mg;
Solidago virgaurea extract (4:1)- 500 mg;
D-Mannose – 250 mg.

Indication for use:

- Elimination of bacterial infections of kidneys and urinary bladder, in complex treatment of pyelonephritis, cystitis and urethritis.
- Prevention of repeated exacerbations of chronic cystitis and pyelonephritis.
- Excretion of sand and small (3 mm) stones from kidneys and ureters, as well as to prevent new formation.
- Urine normalization and functional state of kidneys and urinary bladder, edema elimination.
- Decrease uric acid levels and gout prevention.

Gastrology & Hepatology

DETOXY-ZEO capsules №90

Active ingredient / capsule:
Zeolite clinoptolite - 500 mg

DETOXY-ZEO capsules №35

Active ingredient / capsule:
Zeolite clinoptolite - 500 mg

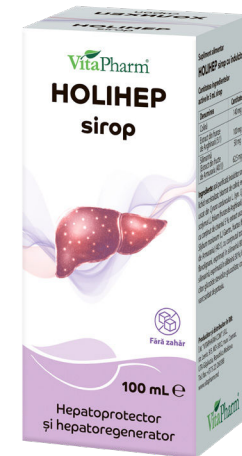

HOLIHEP capsules №30

Active ingredients /capsule:
Choline bitartrate - 486 mg;
Extract from Silybum marianum - 125 mg.

HOLIHEP syrup 100 mL

Active ingredients /5 ml:
Choline - 140 mg; Artichoke leaf extract (5:1) - 100 mg; Silymarin (Milk thistle fruit extract (40:1)) - 50 mg (62.5 mg).

Indication for use:

- Detoxification body after prolonged use of drugs, alcohol, etc.
- Food poisoning elimination.
- Detoxification body from heavy metals, pesticides, toxins, etc.
- Balancing the body's pH.
- Detoxification and purification of the body.
- Protection of cells against oxidative stress.
- Decreasing the aging of cells and tissues.
- Potentiating the beneficial effects in chemotherapy and reducing severe side effects.

Indication for use:

- To supplement the complex treatment of acute or chronic hepatitis and liver cirrhosis induced by alcohol, narcotics or toxins.
- To restore liver function after suffering from hepatitis.
- To protect the liver from the toxic action of drugs, alcohol, smoking and harmful environmental factors.
- To improve digestion and eliminate dyspeptic disorders (abdominal pain, discomfort in the epigastrium, flatulence, belching, nausea, vomiting).
- To improve hepatocyte metabolism in live dystrophy and fatty liver disease.

Pulmonology

EUCALIVIT capsules №30

Active ingredient / capsule:

Eucalyptus oil, (45 mg) which contains 1,8-cineole 70 % - 31,5 mg.

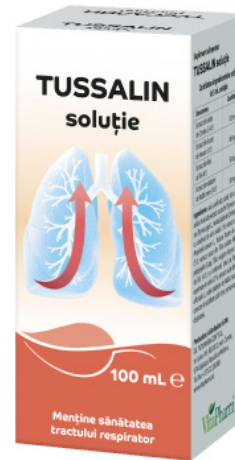

Indication for use:

- For improving and maintaining the normal functioning of the respiratory airways;
- Expectorant against difficult sputum.

TUSSALIN solution 100 mL

Active ingredients / 5 mL:

Thyme extract - 120 mg; Anise fruit - 100 mg; Althea rot extract - 50 mg; Linden flower extract - 50 mg.

Indication for use:

- Upper respiratory tract inflammation, acute respiratory infections, inflammation and irritation of the mouth and throat, sore throat.
- Irritation of the oral mucosa and pharynx, dry cough.
- Expectorant against difficult sputum.

TUSSALIN capsules №30

Active ingredients / capsule:

Thyme extract - 160 mg; Anise fruit - 50 mg; Althea rot extract - 50 mg.

Pulmonology

EDERA PLUS solution 100 mL

Active ingredients / 20 mL:
Hedera helix L., folium - 140 mg

EDERA PLUS capsules №30

Active ingredients / capsule:
N-Acetyl-L-Cysteine - 200 mg;
Ivy Leaf Extract (6–8:1) -15 mg.

SINUKOR capsules №30

Active ingredients / capsule:
Elderflower extract (4:1) - 250 mg;
N-Acetyl-L-cysteine - 100 mg;
Cuckoo flower extract (10:1) - 80 mg;
Quercetin - 20 mg;
Geranium root extract (10:1) - 20 mg.

SINUKOR solution 100 mL

Active ingredients / 4 mL:
Black elderflower extract (4:1) - 300 mg;
Violet herb and flower extract (4:1) - 150 mg;
Primrose flower extract (10:1) - 60 mg;
Justicia vascularis leaf extract (10:1) - 20 mg;
Pelargonium root extract (10:1) - 12 mg.

Indication for use:

- For improving and maintaining the normal functioning of the respiratory airways.
- For soothing productive cough with dense, viscous sputum, difficult to eliminate in:
 - colds and inflammation of the upper respiratory tract.

Immunomodulatory

AVIRAL Pau D'Arco capsules №30

Active ingredients / capsule:

Tabebuia impetiginosa cortex - 1400 mg;
Vitamin C - 40 mg; Rutin - 10 mg.

Indication for use:

- Prevention of influenza and other viral and bacterial infections of the upper and lower respiratory tract.
- Increase body resistance to infections.
- Complex treatment of:
 - Flu, colds, pharyngitis, tonsillitis, rhinitis, sinusitis, tracheitis, bronchitis, pneumonia;
 - Herpes type I and II (simple and genital herpes);
 - Candidiasis and other fungal infections;
 - Leukemia, Hodgkin's lymphoma and other oncological diseases.

PANGIVIT PLUS capsules №30

Active ingredients / capsule:

Ginseng root extract - 100 mg; Guaran a seed extract - 75 mg; Eleutherococcus senticosus - 50 mg.

Indication for use:

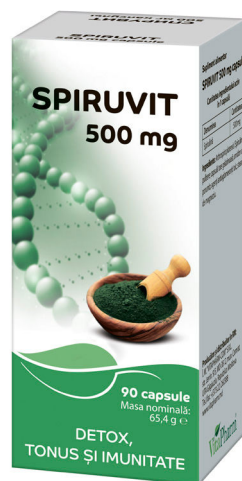

- Increase physical work ability and body stamina.
- In asthenic conditions of various etiologies, general weakness, chronic fatigue, overwork, exhaustion.
- To maintain and increase mental performance and a positive psycho-emotional state.
- Hypotonic vegetative-vascular dystonia, low blood pressure.

Immunomodulatory

SPIRUVIT capsules №90

Active ingredient / capsule:

Spiruline powder (*Arthrospira platensis*) - 500 mg

Indication for use:

- Complex treatment of chronic viral hepatitis type B, C, D.
- Compensated and sub compensated liver cirrhosis.
- chronic pancreatitis, pulmonary tuberculosis, including drug-resistant tuberculosis.
- Prevention and treatment of influenza, acute viral respiratory infections.
- Complex treatment and/or prevention of herpes infections and cytomegalovirus infection.
- Complex treatment of dyslipidemia.

ZincImmun Glucan suspension 100 mL

Active ingredients / 15 mL:

Beta-Glucans - 225 mg; Vitamin C - 75 mg;
Zinc - 15 mg; Vitamin D₃ - 75 mcg.

Indication for use:

- Maintains normal immune system function.
- Increases the body's resistance to various adverse environmental factors.
- Alleviates symptoms and reduces the duration of convalescence in infections.
- Supports recovery in states of chronic fatigue, mental and physical overstrain.

ZincImmun Glucan capsules №30

Active ingredients / capsule:

Beta-Glucans - 100 mg; Vitamin C - 75 mg;
Zinc - 7,5 mg; Vitamin D₃ - 50 mcg.

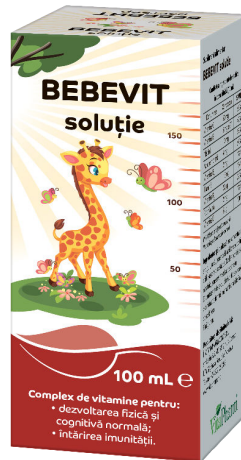

VITAMINS

BEBEVIT solution 100 mL

Active ingredients / 10 mL:

Vitamin C - 50 mg; Vitamin PP - 10 mg; Vitamin E - 5 mg;
Vitamin B₅ - 4 mg; Vitamin B₆ - 2 mg; Vitamin B₁ - 1,8 mg;
Vitamin K₂ - 22 mcg; Vitamin B₂ - 2 mg; Vitamin D₃ - 5 mcg.

Indication for use:

- In absence of appetite.
- In period of recovery after an illness.
- To increase body's resistance to infectious and "catarrhal" diseases.
- In period of intense development and growth;
- As a source of vitamins.

ZINCIMMUN solution 100 mL

Active ingredients /10 mL:

Zincum - 15 mg; Vitamin C - 50 mg; Vitamin D₃ - 25 mcg.

Indication for use:

- Maintaining the normal functioning of the immune system.
- Balancing the function and strengthening the immune system in the cold and flu season.
- Amelioration of cold symptoms (in inflammation of the upper respiratory tract).
- Reducing the duration of convalescence in flu and cold.
- Elimination of diarrhea symptoms associated with intestinal malabsorption or laxative abuse.

VITAMINS

LADYVITAL capsules №60

Active ingredients / capsule:

Collagen peptides - 1000 mg; Vitamin C - 180 mg;
Zinc - 14 mg; Coenzyme Q10 - 80 mg; Pantothenic acid - 18 mg; Selenium - 55 µg; Nicotinic acid - 8 mg; Vitamin B₂ - 4,8 mg; Vitamin B₆ - 2 mg; Folic acid - 200 µg; Biotin - 100 µg; Vitamin B₁₂ - 2,8 µg.

Indication for use:

- maintaining the beauty and health of the woman body;
- improving the appearance of the skin, hair and nails, restoring their natural beauty;
- acceleration of skin cell regeneration processes and prevention of premature aging;
- removal of degenerative changes in the hair structure, as a result of chemical exposure, solar and UV radiation;
- restoring hair in depth, stimulating growth and reducing excessive hair loss;
- restoration of the natural hydro-lipid protective film on the surface of the nail;
- the normal functioning of the endocrine glands, ensuring the maintenance of biological youth;
- maintaining the normal functioning of the immune system.

MISTERVIT capsules №60

Active ingredients / capsule:

L-arginine Hcl - 700 mg; Taurine - 200 mg; Vitamin C - 180 mg; Zinc - 15 mg; Vitamin E - 30 mg; Coenzyme Q10 - 30 mg; Pantothenic acid - 18 mg; Selenium - 55 µg; Nicotinic acid - 8 mg; Vitamin B₁ - 4,2 mg; Vitamin B₂ - 4,8 mg; Vitamin B₆ - 2 mg; Vitamin D₃ - 15 µg; Folic acid - 200 µg; Biotin - 150 µg; Vitamin B₁₂ - 3 µg; Vitamin C - 150 mg; Zinc - 9,6 mg; Vitamin A - 150 mcg.

Indication for use:

- maintaining the vitality and health of the male body;
- improvement of sexual function in men;
