CHUKAN BUTSU EXIM (INDIA) PRIVATE LIMITED

About Us

Chukan Butsu Exim (India) Pvt Ltd., is a trading company specializing in chemicals, established in 2014, located at Vadodara, Gujarat, India. Our parent company **Chukan Butsu Shoji Co., Ltd.**, head office is in Osaka, Japan, which was founded in 1928. The business started out with dye and pigment intermediates, and now source raw materials for a wide range of fields, including pharmaceuticals, electronic materials, and cosmetics from India, China, Eastern Europe, and Japan. We will respond to our customers' needs by utilizing the know-how and experience we have cultivated over the years. We also have various special partnerships with overseas manufacturers that have development capabilities and produce excellent products. In addition to selling the manufactured products of these partner companies as their agent, we also strive to provide a wide range of services, including process development, contract synthesis, and OEM manufacturing. Although **Chukan Butsu Exim (India) Pvt Ltd.** is a small company, with the mottos of "quick response" and "reliable quality of service," we will continue to contribute as a chemical trading company that can appropriately meet our customers' needs.

Our Segments

Life Science

We handle pharmaceuticals, pharmaceutical intermediates, pharmaceutical additives, food additives, and agrochemical intermediates. In addition to supplying existing products, we also undertake overseas sourcing and contract synthesis in the pharmaceutical and specialty fields. We will introduce you to companies with manufacturing technologies for highly pharmacological compounds in Northern Europe, as well as suppliers with advanced technologies in Russia/Eastern Europe, India, and China. Although **Chukan Butsu Exim (India) Pvt Ltd.** is a small company, with the mottos of "quick response" and "reliable quality of service," we will continue to contribute as a chemical trading company that can appropriately meet our customers' needs.

Function Chemicals

We have partnered with overseas manufacturers with unique and advanced technologies, and can handle overseas sourcing for contract and outsourcing projects in a variety of fields. Please also contact us if you are looking for an outsourcing company for reactions that can no longer be performed domestically. We will help you with your new projects.

- **Electronic materials** • **Fluorine compounds** • **Fluorine gas** • **Thiophosgene (contract)** • **Near infrared absorbing dyes** • **Organic electroluminescence (OLED)**
- **Liquid crystal materials** • **Polyimide / aramid fibre raw materials**
- **Semiconductor-related materials (photo resist raw materials, etc.)**

Industrial Chemical Raw Materials

We research and supply the necessary raw material suppliers at each stage, from research and prototyping to commercialization.

Please also consult us about researching second suppliers for risk hedging purposes, such as if you would like to have your product supplied from a country other than China.

(HANDLING)

- **Surface treatment chemical raw materials** • **Surfactants** • **Flame retardants**
- **Photographic chemical raw materials, etc.**

Cosmetic Ingredients

We handle products from overseas manufacturers (mainly from Europe and India).

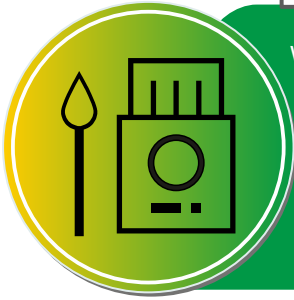

We carefully select cost-competitive manufacturers, and can introduce products that comply with REACH, non-GMO, and organic standards.

We also conduct research on raw materials overseas, so please feel free to contact us.

- **Hair colour** • **Fragrance Ingredients** • **Natural Extract Oil**
- **Preservatives** • **Other Natural Ingredients** • **Ultraviolet absorbers**

Dyes And Pigments

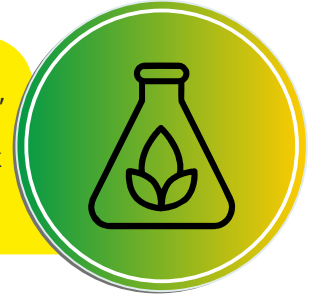

We handle dyes, pigments, and their intermediates mainly in India and China. We not only investigate existing suppliers and backup suppliers, but also investigate potential manufacturing subcontractors for newly developed products.

- Dye and its intermediates • Pigments and their intermediates
- Naphthol dye intermediate • Functional dye
- Pigments for cosmetics • Food coloring

Surface Treatment Chemicals Raw Materials

We import and sell raw materials for metal surface treatment chemicals from India, Taiwan, China, and Germany.

By utilizing our manufacturing partners, we can achieve cost benefits through bulk imports and adjust delivery dates and supply volumes through partial deliveries.

Health Food And Additives

These are chemical products used in categories centred on various foods and additives. We will introduce various overseas products such as thickeners, capsules, and antioxidants.

Hair Dyes

We mainly handle hair dyes from the Indian company Prolife. Prolife hair dyes are highly regarded in Europe and the US, and are expanding their market share in India & Japan as well.

- HC Dyes • Basic Dyes • Oxidation Dyes
