

Company Profile

Brite Proofings Pvt. Ltd. / Zero Level Installations Pvt. Ltd. is a pioneer in synthetic resin flooring, ensuring lucrative solutions for protecting and maintaining your business ventures, which are accepted by International Standards.

Any manufacturing activity starts with the Floor and ends with the Floor. The laid Floor should offer trouble free life for continuous production activity and in case of serious accidents, should be possible to revert back to the original structure in a short time, termed as "Quick turnaround time". We, at Brite Proofings / Zero Level Installations, guarantee that our client always gets latest & the best with customized treatment for every type of floor requirement. We ensure that our flooring solutions are in strict adherence to the functional and aesthetics standards.

The **salient features** of our Resins include:

- (1) Jointless and Monolithic.
- (2) Easily cleanable and hygienic.
- (3) Accepted by International Audit Standards such as USFDA, TGA etc and carry globally acceptable certifications.
- (4) Quick turnaround time.
- (5) Offered in High Chemical Resistant Versions including Heavy Duty and Antistatic.
- (6) Protection of base concrete which is so important for the stability of structure in the long run.
- (7) Prevent ground water contamination, the important function which is most relevant today. Most of the manufacturing facilities depend on the ground water.

Being in the industry for 25 years, we have had the following industries.

- | | |
|----------------|---------------------------|
| (1) PHARMA | (5) HEALTHCARE |
| (2) FOOD | (6) GENERAL MANUFACTURING |
| (3) AUTOMOBILE | (7) AVIATION |
| (4) CHEMICALS | (8) DECORATIVE. |

We look forward to enhance our co-operation with your esteemed organization through our line of products and looking forward for a pleasure of association with you.
