THE COMPANY

S&R Farmaceutici S.p.A. is a Italian pharmaceutical company based in Umbria, born in 2015

Our purpose is to create added value for patients and doctors, marketing proprietary and licensed drugs and developing high value nutraceuticals and medical devices in accordance with the utmost standards of research and production.

The company is run by a management with proven experience from:

- Pharmaceutical companies
- International consulting firms
- Industrial companies

Our main areas of interest are: Gynecology, Urology Andrology, Metabolism and GP's.

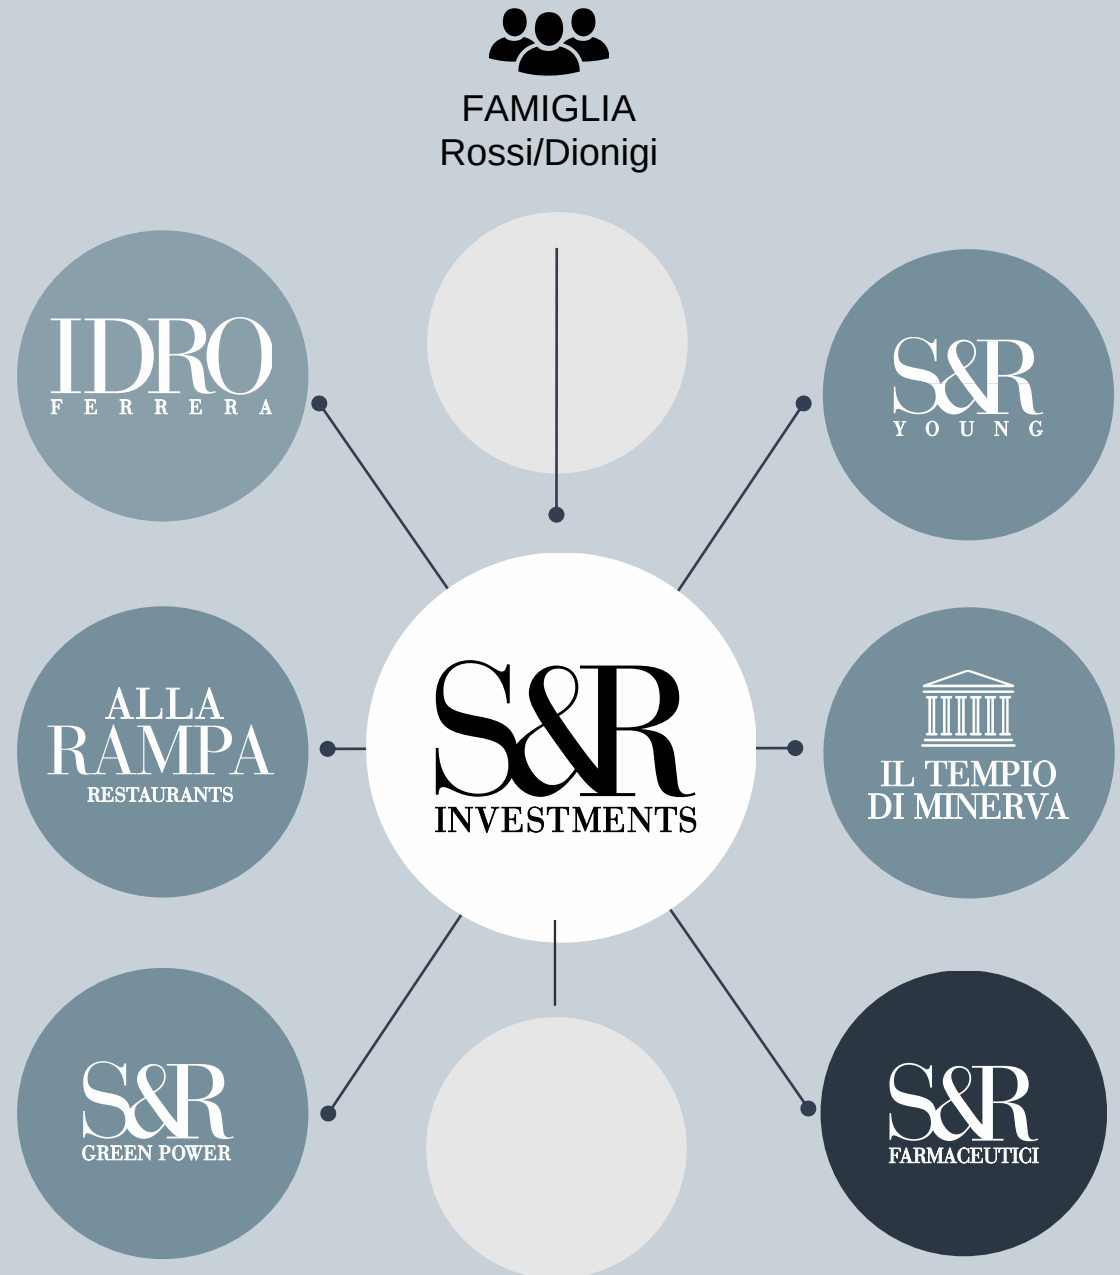

THE GROUP

Asset

The Rossi/Dionigi family is one of those Italian entrepreneurs who still believe in the possibility of investing in the national market and to do so has been supporting the development of S&R Investments S.p.A., through a system of subsidiaries.

The total assets of the group amounts to over 200,000,000 euros.
