ADVANCING HEALTH, ENRICHING LIVES GLOBALLY

Y.S.P. Southeast Asia Holding Berhad (Y.S.P.SAH) is a prominent leading pharmaceutical company in Malaysia, with a core expertise in the manufacturing and trading of generic drugs, complemented by an extensive portfolio encompassing pharmaceuticals, over-the-counter (OTC), health and food supplements, traditional complementary medicine (TCM), cosmeceuticals, veterinary and aquatic products. This diverse range caters comprehensively to healthcare needs across various segments.

Besides having gained prominence since its listing on Bursa Malaysia Securities Berhad's Main Board in 2006, Y.S.P.SAH has strategically expanded its operations through a network of regional offices and strategic alliances. With a strong foothold in ASEAN, East Asia, South Asia, Oceania, the Middle East, Africa and North America, Y.S.P.SAH is committed to advancing healthcare solutions globally.

Y.S.P.SAH's notable collaboration with Sun Ten Pharmaceutical Co., Ltd. of Taiwan R.O.C., known for its GMP certified herbal extracts, has also strengthened the Group's vision to provide unparalleled quality life. Y.S.P.SAH emphasises innovation, quality and excellence, striving to elevate healthcare standards through cutting-edge pharmaceutical solutions.

Our business journey commenced in 1987 with an initial emphasis on trading activities. In 1990, Y.S.P. Industries (M) Sdn. Bhd. (YSPI), a leading subsidiary within our group, was incorporated. Today, YSPI ranks among Malaysia's top five largest manufacturers in the generic pharmaceutical industry. Our unwavering commitment to leading-edge research and development ensures the delivery of high-quality products, supported by a network of highly skilled healthcare professionals dedicated to excellence.
