Product Focus and Pipeline

Key Products

1. Ambroxol Oral Spray

A targeted respiratory solution designed to alleviate symptoms associated with respiratory diseases. Known for its fast-acting, localized effect, it is widely trusted in respiratory care.

Therapeutic Benefits:

- Provides relief from productive coughs by breaking down and clearing mucus.
- Convenient and easy-to-use spray formulation enhances patient compliance.

2. Vardenafil ODT 10mg

A fast-dissolving oral formulation for the treatment of erectile dysfunction (ED) in adult men.

Therapeutic Benefits:

- Offers a discreet and convenient treatment option without the need for water.
- Rapid onset of action supports improved patient satisfaction and adherence.

Product Focus and Pipeline

Focused Therapeutic Areas

The company is actively advancing a **pipeline** of **improved new drug** candidates in various stages of research and development, spanning multiple therapeutic areas.

- **Respiratory Health:** Committed to advancing therapies for chronic and acute respiratory conditions, with a special focus on non-invasive delivery methods.
- **Anti-Infectives:** Innovative therapies to address infections (bacterial, viral, and fungal), aimed at reducing infection rates and improving patient recovery times.

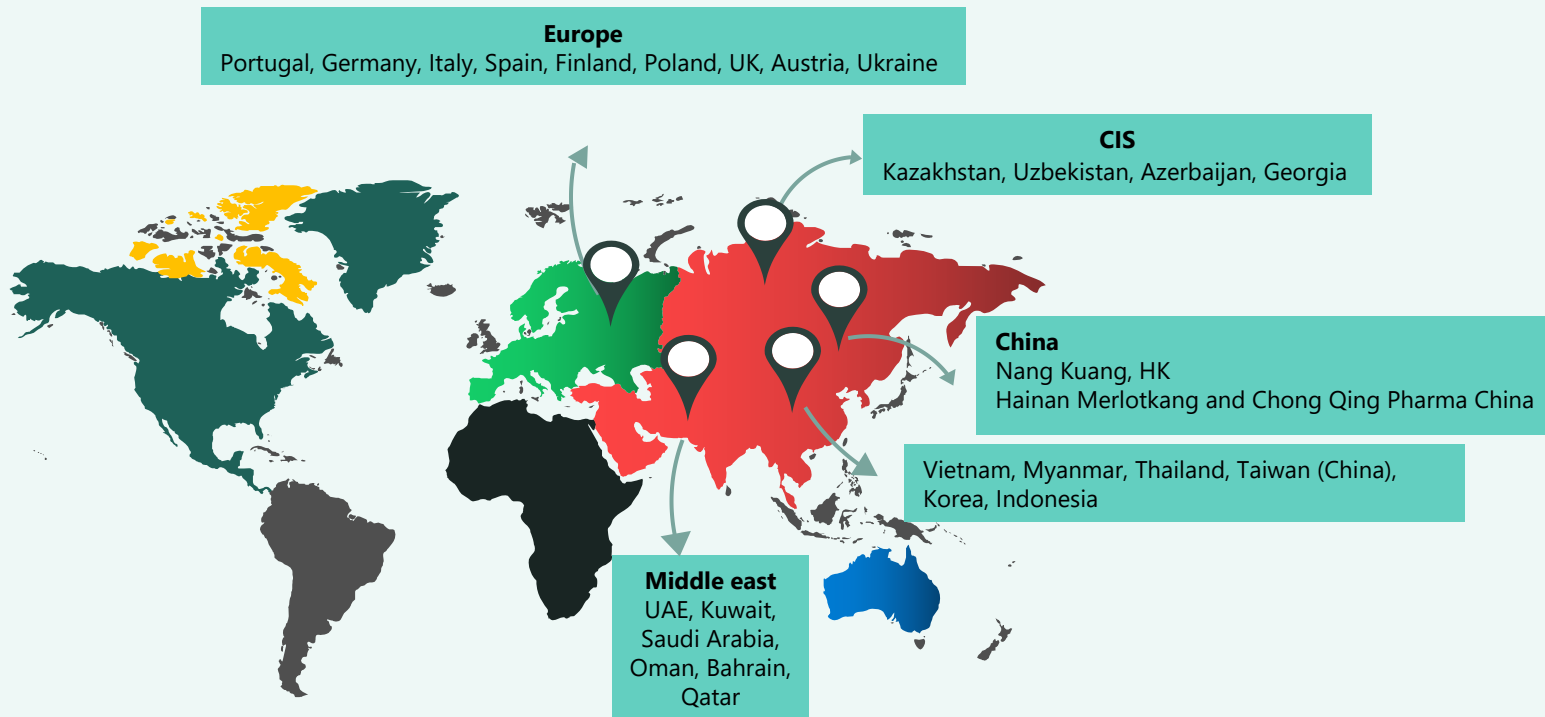

Strategic Partnerships and Alliances

- Collaborations with Leading Pharmaceuticals to Expand Portfolio and Uphold Quality Standards
- Each partner brings specialized expertise that supports GMEP's growth in the pharmaceutical industry

Global Reach

- ✓ **Sales & Distribution:** Our products are **approved and commercially** available in **14 countries**, including *Germany, UK, Portugal, Italy, Poland, and China*.
- ✓ **Registration & Global Expansion:** **Regulatory submissions, and registrations** are in progress across **15+ additional** markets, including *KSA, UAE, Vietnam, Thailand, and Kuwait*, as part of our ongoing global expansion strategy.

Future Plan

- **Look for global business partners**
- **Develop Innovative Solutions for respiratory and other disease**
